LIST OF TABLES

Table 1.1: Incidences and deaths of Breast cancer disease worldwide (Ferlay et al., 2004).
Table 2.1: Plant metabolites with bioactivity on various cancer types (Nirmala et al., 2011)
Table 3.1: Data showing the collection sites for the selected plant specimens.
Table 3.2: Gradient HPLC program for isolated compound.
Table 4.1: List of crude extracts from O. indicum and R. emodi, with their yield.
Table 4.2: List presenting IC$_{50}$ of all the extracts from cytotoxicity assay.
Table 4.3: Mean OD value corresponding to amount of apoptotic DNA fragments by the effect of O. indicum extracts in MDA-MB-231 cells.
Table 4.4: Mean OD value corresponding to amount of apoptotic DNA fragments by the effect of R. emodi extracts in MDA-MB-231 cells.
Table 4.5: List of isolated compounds with their IC$_{50}$ values in MDA-MB-231 cells.
