List of Tables:

2.1. Production of Handloom cloth and total cloth production.
2.2. Forecast of Handloom cloth production.
2.3. Item-wise monthly production of Handloom Textiles.
2.4. Average monthly rawmaterial consumption of different types of yarn.
2.5. Average monthly consumption of yarn and production of Handlooms.
2.6. Average monthly consumption of cotton, silk and wool yarn of different counts / deniers.
2.7. Working status of full time Handloom weavers.
2.8. Credit limits sanctioned to State Cooperative Banks and Regional Rural Banks and loans to state governments by NABARD in production and marketing of Handlooms products.
2.9. Recovery Elasticity from 1982-83 to 1990-91.
2.10. Handloom cooperative units / societies sanctioned as on 31-03-91.
2.11. State-wise sanction of financial assistance pertaining to Handloom projects as on 31-03-91.
2.12. Activity-wise financial assistance sanctioned and released to Handloom cooperative as on 31-03-91.
2.13. The distribution of targets of controlled cloth between Handloom sector and National Textile Corporation.

3.1. Productivity per loom (production of cloth in metre per loom per day).
3.2. Distribution of weaver households by average production of cloth per weaver.

3.3. Distribution of weaver households by number of days worked in a year.

3.4. Number of normal non-weaving days in each quarter of a year.

3.5. Distribution of households by monthly earnings from Handloom weaving. 1981-82.

3.6. Distribution of households by monthly earnings from all sources.

3.7. Distribution of households by percent of total income derived from weaving activity.

3.8. Average unit value realisation from exports of cotton textiles.

3.9. Unit value realisation of different varieties of handloom products.

4.2. Garments / Apparel Exports.

4.3. Region-wise share of total exports of Handloom products.

4.7. Variety-wise exports of Handloom fabrics and madeups from 1981-82 to 1990-91, Region - AMERICA.

4.10. Variety-wise exports of Handloom fabrics and madeups from 1981-82 to 1990-91, Region - OCEANIA.

5.1. Results of different equations used for forecasting export trends of fabrics.

5.2. Forecast for export of Handloom fabrics 1992-93 to 2000 AD.

5.3. Forecast for export of Handloom madeups 1992-93 to 2000 AD.

5.4. Region-wise export of fabrics during 1981-82.

5.5. Region-wise export of fabrics during 1989-90.

5.6. Region-wise export of madeups articles during 1981-82.

5.7. Region-wise export of madeups articles during 1989-90.

5.10. Analysis of variance for madeups 1981-82.

5.11. Analysis of variance for madeups 1989-90.

5.12. Table showing Multiple comparisons based on T - test.

5.13. Discriminant scores.

6.1. Production, sales and gross profit / loss of Manipur Spinning Mill Corporation Ltd.
6.2. Number of registered primary weavers cooperative societies with their membership and expenditure during the last seven years from 1984-85 to 1990-91.

6.3. Number of registered primary weavers cooperative societies of working, dormant, selected and studied societies spread in all eight districts of Manipur as on 30th June 1991.

6.4. Total number of looms owned by the societies studied.

6.5. Working capital structure of sample societies.

6.6. Average consumption of yarn per month by weavers cooperative societies.

6.7. Average fabrics produced per month in pieces by the weaver cooperative societies.

6.8. Annual profit earning capacity of sample societies.
