“ACKNOWLEDGEMENT”

“It is a pleasure to thank people, who helped me in making of this thesis.”

I would like to express my deep and sincere gratitude to my supervisor Dr. Vimal Kumar Kanungo, Assistant Professor, Department of Botany, Govt. Nagarjuna P.G. College of Science, Raipur (C.G.). His wide knowledge and logical way of thinking have been of great value for me. His understanding, enthusiasm, inspiration, guidance and ability to explain things simply and clearly, have provided of good basis of the present thesis. Without his guidance and suggestions, this work would indeed have been very difficult for me to tackle. So, I want to express my deeply-felt thank to my thesis supervisor Dr. Vimal Kumar Kanungo.

I would also like to acknowledge the enthusiastic co-supervision of Dr. M. L. Naik, Ex. Professor and Head, SOS. in Life Science, Pt. Ravi Shankar Shukla University Raipur (C.G.), for his valuable guidance and support extended throughout the research during his stay at Bastar. It has become easy for me to understand and persuade complexity of work on account of his guidance during the stay at Jagdalpur from 2005-2008 as Co-ordinator to unit of Pt. R.S.S.U. Raipur. This inspired and helped me in resolving day to day problems faced during the work.
