ACKNOWLEDGEMENTS

I am grateful to Dr. K.K.Saraf, Asstt. Prof., Dept. of Physics, Dr. Hari Singh Gour Vishwavidyalaya, Sagar for suggesting the problem and for his helpful and inspiring guidance and understanding attitude throughout the course of this work. I would also like to record my deep sense of gratitude to Dr. A.P. Srivastava, Professor of Physics, Dr. H.S. Gour Vishwavidyalaya for his kind interest in this work and for his affectionate and sympathetic attitude towards me. His superb suggestions and valuable discussions were freely available to me. My acknowledgements are also due to Dr. R.K. Shrivastava, Prof. and Head, Dept. of Physics, Dr. H.S. Gour Vishwavidyalaya for providing the necessary facilities for this work and for constant encouragement.

I am thankful to all the members of the teaching staff of the Phys. Dept., Dr. H.S. Gour Vishwavidyalaya for their support, in this connection I cannot forget the invaluable help extended to me by Dr. P.S. Diwan. I am also thankful to all those in the University Workshop and others in the Phys. Dept. who have patiently assisted me. My thanks are particularly due to my research colleagues, specially to Mr. B.S. Dixit and Mr. J.K. Upadhyaya, for their helpful discussions and cooperating attitude.

I would like to express my sincere thanks and deep sense of obligation to my friend Dr. A.G. Dongaonkar, Lecturer
