ACKNOWLEDGEMENT

At the very outset, I would like to express my sincere gratitude and deep sense of indebtedness to my guide Dr. N. Ibotombi Singh, Reader, Department of Geology, D.M. College of Science, Imphal for allowing me to work under him and his superb guidance, valuable and timely suggestion, incessant encouragement and constructive criticism without which the work could not have been completed.

My sincere thanks are due to Smt. Th. Bedamani Devi, Principal, D.M. College of Science, Imphal and to Shri Th. Sanatomba Singh, Head, Department of Geology of the same college for providing the laboratory facilities to carry out the research work without any hindrance.

I extend my sincere thankfulness to my teachers Dr. A.C. Lahkar, Dr. S. Ingotombi and Shri W. Kerani Singh, Department of Geology, D.M. College of science and Dr. Th. Ranjit, Senior Lecturer, Thoubal College, Thoubal for their encouragement, suggestion and help during the course of my research work. I am also thankful to my colleagues Dr. E Girija Devi and Dr. Ph. Mitrabina Devi, for their inspirations and help extended to me during my work. I wish to thank Shri G. Thambalnou and Shri N. Joy, (nonteaching staff), Department of Geology, D.M. College of Science, for their help, and co-operation during my work in the department.

My sincere thanks are due to Dr. S. Ibotombi, Head of the Department, Earth Sciences, Manipur University, Canchipur, Professor O. P. Goel, Dr. Arunkumar, Mangi Khuman and Dr. O. Geeta Devi of the same department for their manifold helps and suggestion during the course of the present study.
I owe special thanks to Dr. R.A.S. Khushwa, Associate Professor, Department of Earth Sciences, Manipur University, for his valuable suggestion and comment on my present work.

I am very thankful to Head of Department of Geological Sciences, Gauhati University, Guwahati for making rock thin sections/slides at right time. I also like to extend my thankfulness to Professor G.K.D. Mazumdar, Head, USIC, Gauhati University, Guwahati and his technical staffs for doing XRF and XRD analyses; Dr. V. Balaram, Deputy Director and Head, Geochemistry Division, NGRI, Hyderabad and Dr. T. Gnaneshwar Rao, Office-in-charge, ICP-MS Laboratory of the same institute for PGE analyses and Dr. Tamal K. Ghose, Research Associate, IIT, Roorkee for EPMA analyses and providing me the data at the time of need.

I express my sincere thanks to Shri K. Manibhusan Singh, Head of Department, Environmental Science, D.M. College of Science and his staff members for providing all the facilities during the course of research work. I also would like to thank Dr. Kh. Mohon Singh, Head, Department of Geology, Imphal College, Imphal and Shri Ch. Gobin Singh, Lecturer, Manipur Institute of Technology, Takyelpat, for their suggestion and discussion during the course of my research work.

The author would like to thank Dr. A. Krishnakanta Singh, Scientist, Wadia Institute of Himalayan Geology for providing many related papers and literature during the present work. I feel grateful and thankfulness to Dr. R. K. Hemanta Singh, Lecturer in Geology, Imphal College, Imphal and N. Bhagiratha, Prog-Associate Computer Operator, Manipur Voluntary Health Association, Imphal for their help in preparation of photographs.
My sincere gratitudes and regards are due to my husband Shri K. Tiken Singh and my family members for sharing the family obligations during the course of this work. My sincere thanks are also due to my brothers Shri L. Ratan Singh, Shri Romeo L., N. Bony and students of B.Sc. 2nd year (Hons.), 2004-05 for their participation and co-operation in the field work from time to time.

I also gratefully acknowledge the authorities at the office of the UGC-NE Region, Guwahati for providing me financial help in the form of Minor Research Project to enable me complete this work at normal time without facing financial problems.

The author also would like to thank all the researchers on ophiolite/within India and abroad for their prompt reply and providing reprints of their papers during the present work.

Lastly, but not the least the author expresses her sincere thanks and gratitudes to all those who made it possible to complete the research work by their assistance and encouragement.

L. Debala Devi
