INTRODUCTION 1

Transport Geography 1, Transport Studies in India 5, Objectives 7, The study Area 8, The Design of the study 10, References 14.

PART I

GEOGRAPHICAL BACKGROUND

CHAPTER I : PHYSICAL SETTING 19

CHAPTER II: CULTURAL SETTING

Agriculture: Landuse 47, Crops and Cropping Pattern 49,
Agricultural Problems 51, Natural Resources 53, Distribution of Mineral Resources 55, Manufacturing
57, Large and Medium size Industries 58, Small Scale Industries 60,
Village and Cottage Industries:
Handloom Industry 63, Handicrafts 64, Demographic Features:
Rural Settlements 69, Urban Settlements and their functions 71,
Economic Regions: Manipur Hills 72, Manipur Eastern Hills 75, Manipur Western Hills 77, Manipur Valley 79,
Manipur Valley North 80, Manipur Valley South 81, Barak Basin 82, References 84.

PART II

TRANSPORTATIONAL FEATURES

CHAPTER III: EVOLUTION OF TRANSPORT

Ancient Period: Pre-historic Ancient-General Regional Orientation 88, Means of Transport and Conveyance 94, Traffic 95, Historic Ancient - General

CHAPTER IV: THE DISTRIBUTIONAL PATTERN 114

CHAPTER V: THE NATURE OF ACCESSIBILITY 136

Physical Accessibility 136, Seasonal Accessibility 140, Relative Accessibility by Road 143, Network Analysis through Graph Theory 146, Non-Ratio Measures 148, Ratio Measures 149, Measures of Nodal Accessibility 154, Transport Network Indices and Level of Urbanisation in Manipur, 161.
CHAPTER VI : NATURE AND FLOW OF TRAFFIC

CHAPTER VII : CHARACTERISTICS OF URBAN TRANSPORT

CHAPTER VIII: CHARACTER OF RURAL TRANSPORT

Village Roads and Cart tracks 231,
Conveyances 235, Traffic 235,
Regional Characteristics: The Plain Districts 238, The Hill Districts 239, Conclusion 239, References 241.

CHAPTER IX: TRANSPORT REGIONS

The Need for Transport Regions 242,
PART III

PROBLEMS AND PLANNING

CHAPTER X : TRANSPORTATION PROBLEMS

CHAPTER XI : SUGGESTIONS FOR IMPROVEMENT OF TRANSPORT NETWORK
