CHAPTER I:
INTRODUCTION 2-15

1.1 HIV/AIDS 3
1.2 Tuberculosis 7
1.3 Physique and Body Composition Research 10
1.4 Statement of Objectives 14

CHAPTER II:
REVIEW OF LITERATURE 17-54

2.1 Origin of HIV 18
2.1.1 Diagnosis of HIV/AIDS 23
2.1.2 Natural History of HIV disease 24
2.1.3 Prevention of HIV 29
2.1.4 Trends of Research on HIV and AIDS 30
2.2 Tuberculosis 34
2.2.1 TB burden in India 36
CHAPTER IV:
RESULTS AND DISCUSSION

4.1 Quantitative Analysis

4.1.1 Anthropometric Measurements

4.1.2 Body compositional Measurements

4.1.3 Physiological Measurements

4.1.4 Anthropometric Indices

4.2 Qualitative Analysis

4.2.1 Demography

4.2.2 Sign and Symptoms

4.2.3 Treatment seeking behaviour

4.2.4 Number of episodes of Pulmonary Tuberculosis

4.2.5 History of HIV/AIDS or Pulmonary TB

4.2.6 Response to treatment

4.2.7 Reaction of family members

4.2.8 Coping strategies

4.2.9 Nutritional status

4.2.10 Socio-economic impact

4.2.11 Visual observations
CHAPTER V:
SUMMARY AND CONCLUSION 179-189
