ACKNOWLEDGEMENTS

I am highly indebted to Dr. A.P. Srivastava, Professor of Physics, Dr. H.S. Gour Vishwavidyalaya, Sagar (M.P.) for his able and affectionate guidance during the course of the work reported in the present thesis. I am also grateful to Dr. M. Khan, Assistant Professor, Department of Physics, Dr. H.S. Gour Vishwavidyalaya, Sagar, for his co-guidance and fraternal help.

I express my gratitude to Dr. R.K. Srivastava, Professor and Head of the Physics Department, Dr. H.S. Gour Vishwavidyalaya, Sagar (M.P.) for kindly providing me facilities to work in the Solid State Physics Laboratories. I am also thankful to Shri S.K. Srivastava, Assistant Professor of the Department for his help during the experimental work, and to Fellow workers in the Laboratory who helped me in a number of ways especially to Shri S.R. Agrawal.

I must record my gratitude here to Dr. R. Nath, Reader, Department of Physics in this Vishwavidyalaya for his great help throughout my stay at Sagar.

I am grateful to the University Grants Commission, Govt. of India, New Delhi for financial assistance through a Research Fellowship and to the Management and the Principal, Bipin Bihari College, Jhansi (U.P.) for giving me study leave to enable me to undertake this research project.

J. K. Upadhya
(J. K. Upadhya)

Teacher Research Fellow
Dr. H.S. Gour Vishwavidyalaya,
SAGAR (M. P.)
