ACKNOWLEDGEMENTS

It gives me immense pleasure to express my heartfelt regards and profound sense of gratitude to my supervisor Dr. Th. Khomdon Singh, Librarian, Manipur University, Canchipur, for his guidance and valuable suggestions in the preparation and completion of my research work. Without his up-to-date and penetrative knowledge, it would have been difficult to complete the present work.

I remain thankful to the authority of Manipur University for giving me permission for conducting the research work and for providing financial assistance of departmental scholarship for two years during my research.

Words are inadequate to express thanks to the sportspersons (coaches, administrators, players) without their co-operation, enthusiasm and sincerity, this endeavour would not have been completed.

Heartfelt gratitudes are also conveying to the librarians of various colleges/institutions of Manipur for giving incredible supports in this work.

Supports given to me by sports organizations cannot be masked. I give my profound acknowledgement to them for making this work fruitful. Their helps and supports are memorable indeed.

I wish to extend my gratitude to the teaching and non-teaching staff of the Department of Library and Information Science, Manipur University for providing full co-operation during the course of study.
Supports of the friends are indispensable indeed in bringing out the present work. So, my warm acknowledgements go to all my friends who have done incredible help and support in completing my work.

The researcher feels pleasure in expressing thanks to the Department of Youth Affairs & Sports, Government of Manipur for the valuable cooperation given to me in investigating for this research work.

I owe my unbounded and eternal sense of gratitude to my brother L. Robel Singh for endless help and support in bringing out my work in the present form.

Everything cannot be mentioned but nothing is forgotten. So once again, I thank to all who have contributed a lot to complete my present work.
