Acknowledgement

Words can hardly express my deep sense of gratitude to my supervisor Dr. Kananbala Sarangthem, Associate Professor, Life Sciences Department, Manipur University for her inspiring guidance, valuable instructions, and constant encouragements throughout my research period and for critically going through the whole thesis.

I would like to express my gratitude to Professor G.K.N. Chhetry, Head of Department, Life Sciences, Manipur University for providing me the opportunity to avail laboratory facilities of the University during my research work.

My sincere thanks to Prof. G.A. Shantibala and Prof. P. Kumar Singh, Life Sciences Department, Manipur University for their valuable suggestions and encouragements for the improvement of the thesis.

I am indebted to Shri S. Jekendra Singh, Department of Biochemistry, Central Agriculture University (CAU) for helping me in elemental analysis.

My sincere acknowledgement goes to University Grants Commission (UGC) for the financial support in the form of Rajiv Gandhi National Fellowship for ST/SC.
I am grateful to the Joint Director, Scientists and Curators of Botanical Survey of India, BSI Eastern Circle, Shillong for the permission and help in identification of my samples.

I would never forget the pleasant company of my departmental colleagues, L. Kamala Devi, Ms. Hoikhokim, N. Rebika Devi, Dr. Deshorjit Singh, L. Jenny Queen, W. Sandhya Chanu, N. Abina, Ch. Lalleima, K. Rohini Devi, Sanjita Konsam, W. Rita Devi, A. Somananda Khuman, K. Samson Singh, Ch. Henary Singh and my seniors Dr. Sandhyarani Devi, Dr. Eshingchaobi and Dr. Sanatombi Devi who always render help and support during my research period.

I am thankful to Dr. Th. Nabakumar Singh, MD, Dept. of Microbiology RIMS, Imphal, Manipur for his tireless encouragement during the research work.

My gratitude will always remain to my mother M. Lhingvah Haokip, brothers, M. Tongkhopao Haokip and M. Tongkhomang Haokip, my brother in-laws Lunsieh Kipgen, IPS and Nasimuddin Shah, my sisters, all my family members and my in-laws for their constant encouragement, love and prayer support during my research period.

I express my sincere thanks to all well-wishers whose names could not be mention due to brevity of space for their blessings, prayer support and encouragements.
I express my gratitude to Mr. Kh. Mansingh and G. Kalenchao Kabui for meticulous typing, proof reading, formatting and producing the thesis in the present form.

Finally, my research would never have been accomplished without the encouragement and inspiration of my husband Shri Ngamkhohao Kipgen and the great pleasure obtained from my daughter Baby Nenghoikim Kipgen.

Above all, I thank the Almighty God for his blessings to complete my thesis.

Mangvung Jamkhoneng Haokip
