ACKNOWLEDGEMENT

It gives me great pleasure to acknowledge my deep sense of appreciation and admiration to my beloved teacher Dr. J. D. Joshi, Professor of Inorganic Chemistry, Department of Chemistry, Sardar Patel University, Vallabh Vidyanagar whose constant advise, guidance and enthusiasm really propelled me in accomplishing this task. Indeed, it is due to his ceaseless efforts and selfless concern, that I could come such a long way.

I am indebted to Prof. (Dr.) J. S. Parmar, Head and Prof. (Dr.) R. M. Patel, Ex-Head, Department of Chemistry, Sardar Patel University, Vallabh Vidyanagar, for providing necessary research facilities.

I would express my thanks to Prof. (Dr.) K. C. Patel, Mr. Kishor Chauhan and Miss Rachna Bhatt, Department of Bio-Sciences, Sardar Patel University, Vallabh Vidyanagar, for their invaluable assistance in my research work.

I also owe my thanks to Dr. Navin Talpada, Department Of Chemistry, Sadar Patel University, Vallabh Vidyanagar and Vaibhav Analytical Laboratory, Shahibaug, Ahmedabad for carrying out instrumental analysis.

I just do not have words to say thanks to Smt. Vidyaben J. Joshi for her motherly care rendered to me throughout the research work.

A special word of appreciation is for my worthy friends and colleagues Mr. Mihir Patel, Dr. Nilav Patel and Dr. Sandip Surti along with all the departmental staff for their enthusiastic support.

I am grateful to my parents, my brother-Dhwanit and my wife-Dr. Trushna for their ever-growing love and affection and constant support provided to me through my student life and especially during the research period. Their support has been simply invaluable. I am deeply grateful to my family members for their continuous support.
