ACKNOWLEDGEMENT

First and foremost I place my sincere thanks to the Almighty without whose blessings I could not have completed this research work. I would like to thank my Supervisor Dr. K. Premalatha, Professor, Department of Computer Science and Engineering, Bannari Amman Institute of Technology, Sathyamangalam for her tremendous support, motivation, encouragement and guidance in each and every step of this thesis.

I express my deep sense of gratitude to thanks Dr. S. V. Balasubramaniam, Chairman, Bannari Amman Institute of Technology. My thanks are due to Dr. N. Rengarajan, Principal, Bannari Amman Institute of Technology for his consistent encouragement.

For the vital success of the research, my sincere and deep sense of gratitude to my Doctoral Committee members Dr. A. M. Natarajan, Professor and Chief Executive, Bannari Amman Institute of Technology, Sathyamangalam and Dr. R. Asokan, Principal, Kongunadu College of Engineering and Technology, Namakkal for their timely advice and unstinted support throughout this research work.

I offer my regards to all my friends and colleagues who supported me in many ways during the completion of the research work.

Finally, Thanks are due to My Parents, Wife and Children. It is their love, encouragement and support that have motivated me throughout the accomplishment of this Ph. D. programme.

GUNASEKARAN M
