Acknowledgements

It is a moment of gratification to look back with a sense of contentment at the long-path travelled, to recapture some of the fine moments and to think of the infinite number of people, who joined me at different stages of this journey, whose continuous encouragement, guidance, help, support, motivation, love and blessing has brought me, to this day, to achieve this milestone. Today, when I am on the verge of submitting my thesis, it is the matter of great honor, indeed a joyous moment and opportunity for me to acknowledge one and all of them.

With lots of positive reception, I take this opportunity to express my deep sense of gratefulness to my research guide, Dr. B. C. Dixit, (Associate Professor and Head, Chemistry Department, V. P. & R. P. T. P. Science College, VVN), who motivated me to work in the field of Synthetic Organic Chemistry. With his unstinted guidance, enthusiastic encouragements and expertise, I could succeed to reach this milestone in my life. He has always been encouraging, inspiring, helping, caring, supportive, passionate, suggestive and affectionate through out the research span. I consider myself very fortunate for my association with him, which has given a decisive turn and a significant boost in my career.

With a great honor, I express my heartfelt gratitude to my research co-guide, Dr. D. J. Desai, (Ex-Principal, V. P. & R. P. T. P. Science College, VVN) for his valuable guidance, advices, suggestions, kind words of encouragement, support and constant motivation throughout the pursuance of the course with his keen interest in research.

Throughout my higher education their blessings had showered upon me, which helped to make things simple and programmatic. I sincerely thank to all my teachers also, who had taught me since my childhood. I would not have been here without their help, support and blessings.

My entire work was carried out in Chemistry Department, V. P. & R. P. T. P. Science College, so, I, sincerely be thankful to Dr. B.D. Patel (Principal) and Mr. K.M. Patel (I/c Ex-Principal) for providing all the necessary facilities required for successful completion of my research. I am also thankful to the authorities of Charutar Vidya Mandal as well as Sardar Patel University for providing adequate facilities for the higher education.

I am thankful to the teaching faculties who taught me during graduation, as well as non-staff members of Chemistry Department for their kind cooperation and support. I am also thankful to other research guides and staff members of administrative office of this college, who directly or indirectly helped and supported me during my research work.
I am also thankful to Dr. Ritu Dixit, Dr. Hiren Doshi, and Dr. Jignesh Raval, for their moral support and spontaneous delivery of knowledge during the course of my post-graduation.

I sincerely thank to Prof. P.H. Parsaniya (Head, Chem. Dept., Saurashtra University, Rajkot) to permit me for literature survey by using SciFinder Database.

I would like to thank Dr. R.K. Patel and Mr. Vishal Mevada (Life Science Dept., North Gujarat University, Patan), who helped me to perform in silico screening of compounds. I am also thankful to Dr. Digvijay Rana and Ms. Kruti Patel (Med. Micro., ARJVAS, New VVN) for their cooperation in performing the antibacterial and antimalarial evaluations in vitro. Their unique points of view made me appreciate about the exciting nature of research at the interface of biology and chemistry.

For technical consulting, I would like to thank to the Director(s)/Head(s) and Analyst(s) of Sophisticated Instrumentation Centre for Applied Research & Testing (SICART, VVN), Dept. of Chem. (SPU-VVN), Oxygen Healthcare Research Pvt. Ltd. (Ahmedabad), Central Diagnostic Laboratory (Surat), for their kind help and support during the course of my work.

I gratefully admire the role played by my seniors, Dr. H. M. Patel and Dr. D. M. Patel. Words are inadequate to express my heartfelt expression of gratitude to most treasured senior lab-mates and friends, Dr. Natvar Sojitra and Dr. Chandresh Jagani, who were always with me, helping me in all situations. I owe my deep sense of appreciation to my lab-mate Mr. Tarosh Patel, and Mr. Hemal Mehta for their selfless cooperation, help, and support during hours of need. I will never forget their all kind concern, help, best wishes and that they have done for me. Their discussions and suggestions are invaluable to my work. All of these have made my working in the lab very comfortable, cheerful and enjoyable. I also express my warmest thanks to all my colleagues at VPM: Dr. Santosh, Dr. Vipul, Dr. Ashish, Dr. Gaurang, Dr. Ravi, Dr. Gautam, Dr. Ketan, Mr. Hitesh, Mr. Jiten, Mr. Keyur, Mr. A.K. Patel, Mr. Jaimin and Dr. Chaitanya (Micro) for maintaining a humid and cheerful atmosphere.

My acknowledgement can never be complete without the special mention of Ph.D. colleagues: Umesh (MSU), Paresh, Yogesh (NCL), Jemin, Dr. Chetan, Dr. Jigar, Dr. Divyesh, Dr. Nilesh, Dr. Niraj, Dr. Jay, Dr. Amit, Dr. Abhi, Dr. Jitendra, Dr. Jasmin, Dr. Jitu, Umesh, Devji, Piyush, Bhautik, Sailesh, Harshad, Mehul, Rohit, Kishan, Dr. Varun, Dr. Chirag, Deep, Amish, Vivek, Yatin, Hardik, Tarun, Samat, Ramesh, Mr. Pradip, ...the list is endless. I thank to one and all for their suggestions and direct or indirect support. I am thankful to Mr. Kinnar Pandya and Dr. Shashikant Teraiya for their brainstorming suggestions, kind support and help.
It is my duty to acknowledge all my dear friends, Yuvaraj, Hardik, Mayur, Viru, Raju, Ashok, Mehul, Keyur, Satish, Manish, Hitesh, etc., for keeping their understanding and patience with me throughout my anxieties during past years. I am highly appreciative to Dr. Dhaval Akabari (M.D.), for his kind support and unruffled efforts to keep me away from irritations (Physical). I am really very much thankful to God for giving me such nicer friends.

I extend my special thank to Dr. Sandip Bhuva, without whose encouragement and motivation, I could never been accomplished the study.

I extend my sincere thank to University Grants Commission (New Delhi) through Dr. Dixit for the fellowship under the scheme of Major Research Project.

The genesis of humble achievement truly lies in the inspiration of my beloved parents, Smt. Rasilaben and Shri Fulabhai, who have borne the major brunt of difficulties to make my education comfortable, enjoyable from the very beginning till the end. Their blessings which always have been revered treasure of my life. I bow myself in utter humility and complete dedication to them. I am equally indebted to my dearest brother, Mr. Mayur, who serenely taken my responsibility as well as played precious role throughout my education. I won’t find words for their patience, love, care and all kind of support. I am also thankful to my maternal and parental relatives for their constant support and motivation in all circumstances. I extend my respect to all the elders and love to all the youngers to me in the family.

Finally, I would like to express my apology to those, whom, I could not mention personally one by one, as well as I thank everybody who was important to successful realization of my study.

Last but not least, I offer my prayers to Almighty without whose blessing, nothing is possible. I pay all my reverence for his blessings to be alive with excessive life after major accident.
