Tables

2. Contrarian/Momentum Strategy and Different Segments across Indian Stock Market

2.3 SIC Industry Classification 32

5. Data Analysis and Interpretations

5.2 Test for weak form of market efficiency

5.2.1 Result of Test of Homogeneity 90
5.2.2 Result of Robust Test of Welch ANOVA 91
5.2.3 Result of Test of Post Hoc 91

5.3 Test for weak form of market efficiency across different size segments

5.3.1 Result of Test of Homogeneity for Small cap 92
5.3.2 Result of Robust Test of Welch ANOVA for Small cap 93
5.3.3 Result of Test of Post Hoc for Small cap 93
5.3.4 Result of Test of Homogeneity for Mid cap 94
5.3.5 Result of Robust Test of Welch ANOVA for Mid cap 95
5.3.6 Result of Test of Post Hoc for Mid cap 95
5.3.7 Result of Test of Homogeneity for Large cap 96
5.3.8 Result of Robust Test of Welch ANOVA for Large cap 97
5.3.9 Result of Test of Post Hoc for Large cap 97

5.4 Comparison of monthly abnormal returns across different size segments

5.4.1 Result of Test of Homogeneity 99
5.4.2 Result of Robust Test of Welch ANOVA 99
5.4.3 Result of Test of Post Hoc 99
5.5 Test for momentum and contrarian profits

5.5.1 Result of t-Test for 3 month formation and 3 month testing period 101
5.5.2 Result of t-Test for 6 month formation and 6 month testing period 103
5.5.3 Result of t-Test for one year formation and one year testing period 105
5.5.4 Result of t-Test for three year formation and three year testing period 107

5.6 Test for momentum and contrarian profits across different size segments

5.6.1 Result of t-Test for 3 month formation and 3 month testing period in small cap 110
5.6.2 Result of t-Test for 6 month formation and 6 month testing period in small cap 111
5.6.3 Result of t-Test for one year formation and one year testing period in small cap 113
5.6.4 Result of t-Test for three year formation and three year testing period in small cap 116
5.6.5 Result of t-Test for 3 month formation and 3 month testing period in mid cap 118
5.6.6 Result of t-Test for 6 month formation and 6 month testing period in mid cap 120
5.6.7 Result of t-Test for one year formation and one year testing period in mid cap 122
5.6.8 Result of t-Test for three year formation and three year testing period in mid cap 124
5.6.9 Result of t-Test for 3 month formation and 3 month testing period in large cap 126
5.6.10 Result of t-Test for 6 month formation and 6 month testing period in large cap 128
5.6.11 Result of t-Test for one year formation and one year testing period in large cap 130
5.6.12 Result of t-Test for three year formation and three year testing period in large cap 133

5.7 Comparison for momentum/contrarian profits across different size segments

5.7.1 Result of Test of Homogeneity for three month 135
5.7.2 Result of Robust Test of Welch ANOVA for three month 135
5.7.3 Result of Test of Post Hoc for three month 136
5.7.4  Result of Test of Homogeneity for six month 137
5.7.5  Result of Robust Test of Welch ANOVA for six month 137
5.7.6  Result of Test of Post Hoc for six month 138
5.7.7  Result of Test of Homogeneity for one year 139
5.7.8  Result of Robust Test of Welch ANOVA for one year 139
5.7.9  Result of Test of Homogeneity for three year 140
5.7.10 Result of Robust Test of Welch ANOVA for three year 140
5.7.11 Result of Test of Post Hoc for three year 141
