Acknowledgement

The investigator is deeply indebted to his supervising teacher and mentor Dr. K.P. Suresh, Director, School of Pedagogical Sciences, Kannur University, who has been a source of constant inspiration and assistance, who spent much of his time and energy in guiding the present study. The investigator is extremely thankful for the invaluable help and suggestions given by him from time to time which made it possible for the researcher to complete the study in the present form.

The investigator remembers with heartfelt affection, the incessant encouragements rendered by Prof. Dr. A Sukumaran Nair, Former Vice Chancellor of Mahatma Gandhi University, Kottayam, Kerala.

The investigator is greatly indebted to Dr. (Mrs.) Vineeta Kamran of Quality Circle Forum of India (QCFI), for her valuable suggestions.

The investigator is grateful to Amanda Baker, Dept. of Electronic Publishing Systems Support (EPSS), of American Psychological Association (APA,) for the very valuable help in the analysis of data.

The investigator places his deep sense of gratitude to Dr. K. Sivarajan, Head, Department of Life Long Learning and Extension, University of Calicut, for his constant inspiration and guidance.

The investigator is thankful to Dr. P.D.Subash, Assistant Professor, NCERT, New Delhi, for his unique suggestions rendered in the conduct of the present study.

The investigator remembers with gratitude the library staff of the Universities – Kannur; Calicut; Mahatma Gandhi, Kottayam; Mysore; Bangalore; SCERT, Thiruvanthapuram; NCERT, New Delhi; NUEPA, New Delhi and RIE, Mysore.

The investigator wishes to endorse here with the profound thanks to the Principal, Teachers and Students of Govt. Girls HSS, Ernakulam, and Govt. HSS, Panamattom, Kottayam for their co-operation extended to him during the course of the study.

The investigator records with deep sense of gratitude for the encouragement, emotional support and sacrifice rendered by his parents, brothers, wife and daughter in completing the study, right from its embryonic form.
