ACKNOWLEDGEMENTS

At the very beginning, I would like to thank Almighty Allah, the Compassionate, the Merciful, for bestowing His favor upon me, which has helped me to produce this research study, which would otherwise have not been possible at all.

I have no words to express my immense and abiding gratitude and reverence for the so very affectionate yet disciplined encouragement and supervision of Prof. Mahmood S. Khan, Department of Psychology, A.M.U., Aligarh, my guide for my Ph. D. Thesis. But for his meticulous and immaculate method of me perform to the utmost of my ability in pursuing my research, his intellectual and sharp insight and analytical review of my research work at every step. He bore many inconvenience and provide support in various ways. I shall be ever grateful to his always ready helping and caring nature.

I would also to express my indebtedness and sincere gratitude of Prof. Mrs. Naima, K. Gulrez, Chairperson, Department of Psychology. She is very adorable for this Department. I would like to thanks Dr. (Late) Rahat Ali Khan to encourage me for every aspect of my life. I would like to thanks all the teachers of this department, Prof. Shamim A. Ansari, Dr. (Hafiz) Ilyas Khan, Dr. Sajid Ali Khan, Dr. Roomana Siddique.

I am indebted to my beloved parents Mr.(late) Haji Natthey Khan and Mrs. Haseena Begum, their continuous prayers, sacrifices, encouragement and inclination towards higher education have pushed me to this stage to accomplish the task. I would like to express my special thanks to my  dearest sister Mrs. Meena Sabah to encourage and help me for the difficult time during this research and I am also thankful to my niece Shereen (Zuby) for her emotional support and love.

I owe special thanks to my dear husband Dr. Iqbal Shah who always stood by me and supported me in crucial time. His sustain help, support and motivation makes me able to complete my work in its present form. I also want
to express my thanks to father-in-law Mr. Abdul Rashid and Mrs. Jameela Begum they encouraged and support me during this research work.

I would like to thanks my only single brother Mr. Mohammad Naeem, who support me for the completion of research work as soon as possible and my sister Mrs. Nazma Jabeen also. I would like to express my special thanks my little angle Afia (Zoya) she has lots of patience and loves me. I would like to thanks Dr. Khalid Shah and Mr. Infan Ali for their help during the research.

I owe a thank to my friends Dr. Iram Feroz, Dr. Nazia Mehmood, Dr. Fatima Bi, Shahin Zafar, Dr. Pragati Dixit and all research scholar and colleagues of this department.

I extend my thanks Dr. Fatima Bi with the help of her I have completed my statistical analyses of my research work.

I would like to express my deep and sincere appreciation to all the group of students who gave their precious time and effort to formulate the study and the wonderful legacy of their thoughts and ideas given to me.

I am also thankful to Mr. Aqeel Ahmad (LA), Mr. Mohammad Tajuddin (SLA), Mr. Majaz-ul-Haque, Mr. Shariq Ahmad (Seminar Librarian), Mr. Ghous. Department of Psychology for the invaluable assistance during the course of this research.
