ACKNOWLEDGEMENT

Any study undertaken in all its seriousness is like a religious act that it not only enhances one’s intellectual dimension, but also the spiritual dimension. This has been my experience from the beginning of this research. It brought me in touch with beautiful minds and turns in my life. This is only a beginning and I’ll go with an open mind to keep on learning till time allows. This research has given me the opportunity to peep into the minds of great scholars. However, there are a number of people who have led me in this search. It has not been an individual effort. Fortune bestowed me with good friends and family who helped me to complete this research. I would wish to thank the Academic Council of Tilak Maharashtra Vidyapeeth that gave me the opportunity to undertake this research. Initial impetus was given by Dr. Pawan G. Agrawal gently but firmly initiated me into research. I am grateful to him. Dr. Keskar, the Registrar of Tilak Maharashtra Vidyapeeth helped me to find a guide, for which I am immensely grateful. Dr. Rajan D, of Tilak Maharashtra Vidyapeeth was also very helpful during my research, for which I am deeply indebted to him. Dr. Aftab Anwar Shaikh consented to be my guide so that I could proceed with my research work. Being a driving force he has played a very important role in completing this research. In his busy schedule he always had a moment for me, which was fruitful. His untiring enthusiasm and excellent guidance helped me to complete this study. I am greatly beholden to Dr. Aftab Anwar Shaikh in this regard. In truest sense my family has been my greatest source of strength and encouragement specially my wife, Naseem, has always been there to encourage me untiringly in my academic pursuit.

Our daughter Tayba a motivating source. She kept pushing me and encouraging me to complete this research and of course my mother, Bilkiss Bano, without her contribution I would not have been able to come to this stage. My heartfelt gratitude to my late father Gulam Halim Uddin Ajmeri who made me stand firm in the walk of life. There are many whom I would like to express my gratitude specially to my friend, Mr. Roshan who helped me in analyzing the data for this research. I would also wish to thank to Mr. Irfan Shahid and Mr. Pravin for all their help rendered to me when I started my research and whenever I needed it.
