ACKNOWLEDGEMENT

The successful completion of this thesis has become possible with the continuous support and encouragement of a number of people and organizations. First I would like to express my deep sense of gratitude to my research guide Dr. B. D. Kolekar under whose able guidance I could complete this research work well in time. I am very much thankful to him for allowing me to work under his guidance.

I would like to thanks all the Medical officers and Medical superintendents of Pimpri Chinchwad Municipality Corporation to permit me to undertake public hospitals in PCMC area for the Ph.D study. I am grateful to Management personnel and Doctor-owners of the private hospitals who were kind enough to permit me for the same. I take this opportunity to thank, one and all of the hospital employees who provided me the long in-depth interviews and the required information about their hospitals and shared their experiences, insights and views on various aspects of the study despite demands and deadlines of their own work.

I owe my sense of gratitude to all the respectful visionary of the Dr. D. Y. Patil Vidyapeeth for providing me a secure and friendly atmosphere to work and complete my research. Specially, I express my deep sense of gratitude to Dr. Anil Keskar and Dr. Kunal Bhattacharya for their valuable advices during the course of my research study.

I have been fortunate enough to receive continuous support from my family. The moral support derived from my mother Mrs. Minakshi Pande throughout my career cannot be explained in mere words. My husband Mr. Kedar Tare was real help and showed his immense cooperation during the entire research period. It would have been possible for me to complete the research work with ungrudging support of my father Mr. Subhash Pande and my sister Ms. Dhanashree Pande.

Lastly, I am thankful to all those, who have helped me directly, or indirectly in one way or the other, during the course of this research work.
