ACKNOWLEDGEMENTS

Sometimes an acknowledgement fails incompletely expressing the feeling of gratitude that one for the beacons that guided on in one’s journey.

I wish to place on record his deep sense of gratitude and indebtedness to Dr. A.G DEVİ PRASAD, M.Sc. (Botary), M.Sc. (Sus.Dev.), PGDEP, Ph.D., FBSS, Chairman and Research Guide, Post Graduate Department of Environmental Science, University of Mysore for the unparalleled guidance and encouragement rendered throughout the tenure of this work.

I wish to express my in-depth gratitude to Prof. A.BALASUBRAMANIAN, Director, EMMRC, University of Mysore for his constant encouragement throughout the tenure of this work.

I wish to record my sincere gratitude and obligation to Dr. A.P Pradeepkumar, Associate Professor, Department of Geology, University of Kerala for providing me with mental, moral and scientific support and constant stimulation and inspiration throughout the research.

The constant encouragement and technical support extended by Dr.K.Anto Francis, Assistant Professor, Government College, Kottayam is duly acknowledged.

The constant support, inspiration and valuable suggestions extended by Mr. Surej Kookkal & Mrs Kookkal during the documentation of this thesis are gratefully acknowledged.

I gratefully acknowledge the services rendered by Dr. Brijesh, Dr. Sreejith, Assistant Professors, Department of P. G Studies and Research in Geology, M.E S Ponnani College for their valuable help and unvarying encouragement.

The sincere thanks are due to Dr. C.E Paul, Dr.Suresh Francis, Dr. N.C Anilkumar, Scientists Mr. P. Suresh, Mr. Jane Mitra, Mr.Suraj, Scientists Kerala, State Remote Sensing and Environment Centre (KSREC) for their timely help and encouragement throughout the study period in various ways. Mr.Vijesh, Project Scientist, KSREC deserves a special gratitude for his support during the field work and data processing.
The timely help extended by Mr. M.M. Riyaz, Mrs. Resmiprabha U.P, Kerala State Land Use Board are duly acknowledged.

The help and support extended by Dr. Jude Emmanuel and Dr. V. Santhosh deserve special thanks.

The technical support extended by Dr. M. Baba, then Director, Dr. Raveendrakumar, Scientist, Mr. Nishanth, Techinal Assistant and other scientific and technical staff members of Geoscience Division of Centre for Earth Science Studies, Thiruvananthapuram are duly acknowledged.

The technical and scientific supports of Mr. Kunhambu, Regional Director, Central Groundwater Board and Mr. A. Prabhakaran, Senior Geologist, Groundwater Department, Government of Kerala really deserve the gratitude.

The author wishes to record her gratitude for the scientific support extended by Dr. Jayakumar, then Director, Dr. Harikumar, Scientist, Centre for Water Resource Development and Management Kozhikode and Mr. A. Gopinathan Nair, Mr. V. Rajeev, Mr. Manoj, Mrs. S. R. Gita, Mrs. Sughada Pradeep, Assistant Geologists and other Technical staff members of Department of Mining and Geology, Government of Kerala

I express my deep sense of gratitude to my parents, sister and brother whose blessings have always prompted me to pursue academic activities deeply.

I am thankful to all the faculty of DOS in Environmental Science, University of Mysore for their support during the course of study.

My special thanks to Miss. Shwetha, Miss Komala H P, Mr Komal Kumar, Miss. Sumithra for their kind help and moral support rendered during the course of work.

This work would not have been feasible without the affection, encouragement and support from my husband Dr. A.N. Manoharan and my daughter Devika Manoharan.

And above all, the author dedicates herself to the Almighty for His divine benevolence and blessings showered on her at all times.
