Acknowledgement

The culmination of the research and the completion of this thesis were made possible by the direct and indirect involvement, contributions, assistance, benevolence and blessings of many individuals. I am grateful to every one of them and express my heartfelt thanks and appreciation.

I extend my sincere thanks to Dr. C. K. Kumbharana, Head, Department of Computer Science, for guiding this research work. I take this opportunity to convey gratitude for his highly valuable suggestions, encouragement and scholarly guidance throughout the course of this thesis work.

I am grateful to Ms. Shital Rakangor, Ms. Kruti Karia and Mr. Amit Gorvadiya for their valuable time for providing handwritten input for proposed research work. I am thankful to staff at Department of Computer Science, Saurashtra University, Rajkot.

I would like to thank management of Atmiya Institute of Technology & Science, Rajkot for encouragement to pursue this research work. Also I express my sincere thanks to all colleagues and HOD for their support during this tenure.

I thank all those who have helped me by fruitful discussions, technical advice and encouraging words at various stages of my endeavor in the successful completion of this research work.

Most importantly, I wish to express gratitude to my parents Shri Ramesh Thaker and Smt. Nayana Thaker, Brother Ramkrishna Thaker, who have given love, support and understanding over all of these years. Their inspiration and love have been endless source of energy that helped me in completing this thesis.

Above all, I thank the Almighty, for inspiration, giving strength to complete this research work and making it a part of my destiny.

Hetal R. Thaker
