</table>
4.16 Means and SDs of work family conflict with reference to appraisal spousal support 130
4.17 ANOVA summary of work family conflict with reference to appraisal spousal support 130
4.18 Summary of Tukey Test for work family conflict with reference to appraisal spousal support 131
4.19 Means and SDs of work family conflict with reference to hardy personality 134
4.20 ANOVA summary of work family conflict with reference to hardy personality 134
4.21 Summary of Tukey Test for work family conflict with reference to hardy personality 135
4.22 Means and SDs of work family conflict with reference to age 138
4.23 ANOVA summary of work family conflict with reference to age 138
4.24 Summary of Tukey Test for work family conflict with reference to age 139
4.25 Means, SDs and t-value of work family conflict with reference to number of family members 142
4.26 Means, SDs and t-value of work family conflict with reference to number of children 143
4.27 Means and SDs of work family conflict with reference to monthly family income 145
4.28 ANOVA summary of work family conflict with reference to monthly family income 145
4.29 Means and SDs of work family conflict with reference to social relations responsibility 146
4.30 ANOVA summary of work family conflict with reference to social relations responsibility 146
4.31 Means, SDs and t-value of work family conflict with reference to physical exercise 147
4.32 Means and SDs of quality of life with reference to type of family and shift of occupation in 2×2 factorial design 150
4.33 Summary of ANOVA on quality of life with reference to type of family and shift of occupation 150
4.34 Difference among mean scores of quality of life with reference to type of family and shift of occupation 151
4.35 Means and SDs of quality of life with reference to spousal support 153
4.36 ANOVA summary of quality of life with reference to spousal support 153
to spousal support

4.37 Summary of Tukey Test for quality of life with reference to spousal support 154

4.38 Means and SDs of quality of life with reference to emotional spousal support 156

4.39 ANOVA summary of quality of life with reference to emotional spousal support 156

4.40 Summary of Tukey Test for quality of life with reference to emotional spousal support 157

4.41 Means and SDs of quality of life with reference to instrumental spousal support 159

4.42 ANOVA summary of quality of life with reference to instrumental spousal support 159

4.43 Summary of Tukey Test for quality of life with reference to instrumental spousal support 160

4.44 Means and SDs of quality of life with reference to informational spousal support 162

4.45 ANOVA summary of quality of life with reference to informational spousal support 162

4.46 Summary of Tukey Test for quality of life with reference to informational spousal support 163

4.47 47 Means and SDs of quality of life with reference to appraisal spousal support 165

4.48 ANOVA summary of quality of life with reference to appraisal spousal support 165

4.49 Summary of Tukey Test for quality of life with reference to appraisal spousal support 166

4.50 Means and SDs of quality of life with reference to hardy personality 168

4.51 ANOVA summary of quality of life with reference to hardy personality 168

4.52 Summary of Tukey Test for quality of life with reference to hardy personality 169

4.53 Means and SDs of quality of life with reference to age 172

4.54 ANOVA summary of quality of life with reference to age 172

4.55 Summary of Tukey Test for quality of life with reference to age 173

4.56 Means, SDs and t-value of quality of life with reference to number of family members 175

4.57 Means and SDs of quality of life with reference to number of children 176
4.58 Means and SDs of quality of life with reference to monthly family income
4.59 ANOVA summary of quality of life with reference to monthly family income
4.60 Means and SDs of quality of life with reference to social relations responsibility
4.61 ANOVA summary of quality of life with reference to social relations responsibility
4.62 Summary of Tukey Test for quality of life with reference to social relations responsibility
4.63 Means, SDs and t-value of quality of life with reference to physical exercise
4.64 Correlations among selected variables
4.65 Correlations between certain variables among married women college teachers having joint and nuclear family
4.66 Correlations of present study variables among married women college teachers having up to age 32 and above age 32
4.67 MASTER TABLE
