## LIST OF TABLES

### CHAPTER II

#### DEMOGRAPHY

| Table II. 1.A | Distribution of the Kayasthas according to age and sex (in number and percentage) | 37 |
| Table II. 1.B | Distribution of the Kaibartas according to age and sex (in number and percentage) | 38 |
| Table II. 2.A | Distribution of the Kayasthas in broad age group according to age and sex (in number and percentage) | 40 |
| Table II. 2.B | Distribution of the Kaibartas in broad age group according to age and sex (in number and percentage) | 40 |
| Table II. 3.A | Distribution of the Kayasthas according to broad age group and sex ratio (in number and percentage) | 42 |
| Table II. 3.B | Distribution of the Kaibartas according to broad age group and sex ratio (in number and percentage) | 43 |
| Table II. 4.A | Distribution of the Kayasthas according to marital status (in number and percentage) | 45 |
| Table II. 4.B | Distribution of the Kaibartas according to marital status (in number and percentage) | 45 |
| Table II. 5.A | Distribution of the Kayasthas according to educational status | 47 |
| Table II. 5.B | Distribution of the Kaibartas according to educational status | 48 |
Table II. 6.A Distribution of the literates and the illiterates among the Kayasthas (in number and percentage)

Table II. 6.B Distribution of the literates and the illiterates among the Kaibartas (in number and percentage)

Table II. 7.A Distribution of the Kayasthas according to working and non working status in various age group (in number and percentage)

Table II. 7.B Distribution of the Kaibartas according to working and non working status in various age group (in number and percentage)

Table II. 8.A (i) Distribution of the earner and dependant among the Kayasthas

Table II. 8.A (ii) Sex wise distribution of the earner and dependant among the Kayasthas

Table II. 8.B(i) Distribution of the earner and dependant among the Kaibartas

Table II. 8.B(ii) Sexwise distribution of the earner and dependant among the Kaibartas

Table II. 9.A Distribution of the Kayasthas according to different occupation (in number and percentage)

Table II. 9.B Distribution of the Kaibartas according to different occupation (in number and percentage)

Table II. 10.A Family type and composition of the households among the Kayasthas (in number and percentage)
Table II. 10.B Family type and composition of the households among the Kaibartas (in number and percentage)

Table II. 11.A Water facilities among the Kayasthas

Table II. 11.B Water facilities among the Kaibartas

Table II. 12.A Toilet facilities of the Kayasthas

Table II. 12.B Toilet facilities of the Kaibartas

Table II. 13.A House types of the Kayasthas

Table II. 13.B House types of the Kaibartas

Table II. 14.A Age at marriage of the Kayastha females (in number and percentage)

Table II. 14.B Age at marriage of the Kaibarta females (in number and percentage)

Table II. 15.A Age at marriage of the Kayastha males (in number and percentage)

Table II. 15.B Age at marriage of the Kaibarta males (in number and percentage)

CHAPTER III

FINDINGS OF THE STUDY

Table III. 1 Age wise distribution of dead children (Kayastha/Kaibarta)

Table III. 1 (A) Sex wise distribution of dead children (Kayastha/Kaibarta)

Table III. 2 Distribution of infant death according to cause (Kayastha/Kaibarta)

Table III. 3 Antenatal care and infant death (0-3 years) (Kayastha/Kaibarta)
Table III. 4 Type of food and rest of mothers during pregnancy and infant death (Kayastha/Kaibarta) 90

Table III. 5 Special food and care during pregnancy and infant death (Kayastha/Kaibarta) 92

Table III. 6 Intake of iron and folic acid tablets and infant death (Kayastha/Kaibarta) 93

Table III. 7 Infant death according to immunization of mothers against tetanus (Kayastha/Kaibarta) 95

Table III. 8 Instruments used to cut the umbilical cord and infant death (Kayastha/Kaibarta) 96-97

Table III. 9 Birth interval and infant death (Kayastha/Kaibarta) 98

Table III. 10 Infant death according to personnel attending delivery (Kayastha/Kaibarta) 100

Table III. 11 Initiation of breast milk and infant death (Kayastha/Kaibarta) 101

Table III. 12 Nature of first breast milk and infant death (Kayastha/Kaibarta) 103

Table III. 13 Continuation of breast feeding and infant death (Kayastha/Kaibarta) 104

Table III. 14 Type of supplementary food and infant death (Kayastha/Kaibarta) 106

Table III. 15 Immunization of infant and infant death (Kayastha/Kaibarta) 107

Table III. 16 (A) Distribution of infant death by birth order (Kayastha) 109
Table III. 16(B) Distribution of infant death by birth order (Kaibarta)

Table III. 17 Infant death according to mother's age at first child birth (Kayastha/Kaibarta)

Table III. 18 Education of mother and infant death (Kayastha/Kaibarta)

Table III. 19 Occupation of mother including housewives and infant death (Kayastha/Kaibarta)

Table III. 20 Occupation of father and infant death (Kayastha/Kaibarta)

Table III. 21 Type of family and infant death (Kayastha/Kaibarta)

Table III. 22 Source of drinking water and infant death (Kayastha/Kaibarta)

Table III. 23 Distribution of disease among the children of 0-3 years (Kayastha/Kaibarta)

Table III. 24 Distribution of children (0-3 years) according to age and morbidity (Kayastha/Kaibarta)

Table III. 25 Distribution of child morbidity according to sanitary system (Kayastha/Kaibarta)

Table III. 26 Mid-upper arm/Head circumference ratio for age among the children of 0-3 years (Kayastha/Kaibarta)

Table III. 27 Body Mass Index (BMI) of Kayastha/Kaibarta mothers

Table III. 28 Weight for age among the Kayastha/Kaibarta infants 0-3 years
