ACKNOWLEDGEMENT

With regardful memories......

I would like to offer salutations to my greatest teacher of all - **GOD** the **ALMIGHTY**, who suffused the zeal to work through off shooting paths of my efforts.

My first, and most earnest, acknowledgement must go to my advisor **Dr. M. Rajeswari**, Associate Professor, Department of Botany, Vellalar College for Women, Erode, for her expertise, unsolicited assistance, patience, motivation, valuable advice and constructive criticism which buttressed me to perform my work contentedly.

I owe a great deal of gratitude to **Thiru. S.D.Chandrasekar**, Secretary, Vellalar College for Women, Erode, for providing an invigorating ambiance in which to learn and grow.

It’s my fortune to gratefully acknowledge the tremendous support and encouragement of **Dr. C. Suseela**, Principal, Vellalar College for Women, Erode.

My heartfelt acknowledgement goes to **Dr. C. Indrani Manorama**, Head, Department of Botany, Vellalar College for Women, Erode, without whose inspiration and constant moral support I would not have accomplished this task.

‘Thank you’ doesn’t seem sufficient but it is said with appreciation and respect to all the **Staff members** of the Department of Botany, Vellalar College for Women, Erode for their overwhelming support, encouragement, care and understanding rendered during the tenure of study.
I would like to express my sincere gratitude to Dr. S. Manian, Director and Head, Department of Botany, Bharathiar University, Coimbatore, for providing me experimental hands-on-training in his lab. This work was not possible without his constant support and scientific help. I convey my special acknowledgement to Dr. N. Anusuya, Project co-ordinator, R and D division, Manian Laboratories, Pvt. Ltd., Coimbatore, for the assistance provided at all levels of the research project.

Appreciation goes out to Mrs. Velumani, Sri J.K. Chiraag computer centre, Erode, for her computer and technical assistance throughout my research programme which enabled me to format the entire thesis in good shape.

I owe my eternal gratitude to my parents Mr. Indhiramuthu and Mrs. Manimegalai, who were instrumental in the success of my endeavor. They bore me, raised me, supported me, taught me, and loved me. To them I dedicate this thesis.

The last words of gratitude are reserved for my soul mate, my dearest husband Mr. Ramesh, for being so understanding and for putting up with me through the toughest moments of my life. I also dedicate this Ph.D. thesis to my lovely daughter Madhumitha, who is the pride and joy of my life.

Perhaps, I forgot someone.......so, just in case: THANK YOU to whom it concerns!
