ACKNOWLEDGEMENT

An individual commences the itinerary of research work and attains the destination alone. But this journey would not have been prolific without collaboration of countless individuals. It would be my earnest yearning to acknowledge the inspiration, indefatigable efforts, and facilitation of all the erudite personnel in en-routing my journey towards accomplishment.

The bond that I struck with my guru has shaped my academic pursuits incessantly. It was at his acceptance that I got myself enrolled in Ph D programme. Therefore the first person I would like to thank is my supervisor and guide Dr Prajapati Jagdish M., Associate Professor, Mechanical Engineering Department, Faculty of Technology and Engineering, M.S. University of Baroda, Vadodara, Gujarat for his dexterous guidance when I was really facing the stumbling blocks ad-infinitum of my research work. Despite his busy schedule, he is always available to steer me in keeping my morale fabric intact when I really wished to surrender. I owe a lot to him for being my mentor.

I would like to thank Shri Jagdishprasad Jhabarmal Tibrewala University, Rajasthan for helping me obtain the space into its list of research scholar and Ph. D coordinator of the JJT University Prof. Omprakash Singh, for reviewing my work and putting in remarkable suggestions for improving the work that I carried out.

It would be my privileged to tender my indebtedness in the lotus feet of P. P. Tyagvallabhdas Swamiji, beneath whose auspices I got privileged to be with esteemed Atmiya Institute of Technology & Science, Rajkot. I benignly render my lexes of gratitude to him for helping me exercise the state of the art learning conveniences of the institute.

I feel a deep sense of gratitude for my loving wife Nita and son Mitkumar for their moral & emotional supports and co-operations while I was busy with this doctoral work. I would like to thank them from the bottom of my heart. Behind every successful man, there is a woman: so goes a popular saying. My wife Nita has proved this time and again. Thank you, Nita for being there for me always!

Of course, I thank God Almighty for all His blessings He has showered on me throughout my life so far and pray to Him for His grace all the time.
