ACKNOWLEDGEMENTS

The satisfaction and euphoria that accompanies the successes full completion of any tack would be but incomplete without the mention of the people who made it possible and who constant guidance and encouragement served as beacon of light and crowned my efforts with successes. It is my privilege to express through the pages of this thesis, a few words of gratitude to all those who educated and inspired me all along. I wish to express my deep sense of gratitude to Jawaharlal Nehru Technological University Hyderabad, Hyderabad, and department of computer science and engineering, JNTUH which provided me an opportunity in full filling my cherished desire of reaching my goal.

I am extremely great heart full regards to Dr. C.V.Guru Rao my supervisor, for the constant help, encouragement and many valuable suggestions given to me at every stage of this work.

I am also extending my great heart full regards to Dr. A. Govardhan my Co-Supervisor, for his constant help, encouragement and many valuable suggestions given to me at every stage of this work.

I would like to acknowledge my father Late Sri C. Gopalaiah for his hidden support and blessings from heaven, mother Srimathi C. Naga Lalithamma, and wife C. Praveena Lakshmi for their specially affection, love, caring and co-operation. I also acknowledge with love, warm inspiration and affection which I have received from my daughters C.
