ACKNOWLEDGEMENT

It gives me great pleasure in acknowledge my deep sense of gratitude to my research supervisor Dr. Ghanta Mahesh Reddy, Deputy General Manager-R&D, Macleods pharmaceuticals Limited, Mumbai. He was etiolated me and escalated my career to the height. I have always seen a heart of guardian and warmth of parent. Though this eulogy is not to express my deep sense of gratitude towards him, my everlasting gratitude goes to him.

I take this opportunity to express my heartfelt gratitude towards my co-supervisor, Dr. Vurimidi Himabindu, Associate Professor and HOD, Center for Environment, Institute of Science and Technology, JNT University, Hyderabad for her inspiration, constant encouragement and moral support during the research career.

I am grateful to Dr. P. K. Dubey, Professor of Chemistry and BOS, JNT University, Hyderabad for his valuable suggestions and cooperation.

I am fortunate to work with Dr. K V S Ramrao, Vice president and K R Janardana Sarma, Vice president Dr. Reddy’s Laboratories Limited for their motivation and guidance.

My special thanks to Dr. A. Raghupathi Reddy, Associate director, Project manager, Dr. Reddy’s Laboratories Limited for his valuable support and encouragement for completion of the research work.
It’s my pleasure to thank my colleagues **A. Sampath** and **Dr. N. Ramakrishna Reddy** for the valuable suggestions and cooperation to writing the thesis.

It’s my pleasure to work with my colleagues K. Srinivas, Ch. Kavitha B. Yakambram, A. Thirupathi, M. Prabhaker, M. Lokeshwarrao and Dattatrey, who are always behind me and well supported to completing the research work.

My special thanks to our analytical team Ch. Krishnaiah, B. J. Durga Prasad, V. Malthi, G. Ramulu and technical service team Mr. Vinoth kumar well supported to me for completing the research work.

Finally no words can express the feelings towards my family members. My Father Buchaiah and my mother Balamani and my wife Manjula are the source of my internal inspiration. My brother Srinivasulu, sister in-law Srilaxmi, my sisters V. Suvarna, E. Surekha, V. Sunitha, brother in-laws V. Chandamouli, E. Umashanker, V. Srinivasulu, G. Markondaiah and Kusuma Upender blessed me throughout the research work. They are always remaining a sole source of inspiration in my life.

Financial assistance and great support from Dr. Reddy’s Laboratories for doing my Ph. D work is gratefully acknowledged.
