ACKNOWLEDGEMENT

My most profound and sincere gratitude to:

The Management of Sri Ramachandra Medical College and Research Institute (Deemed University) for their kind and overwhelming support to help me successfully finish this study.

The late Sri Ramasamy Udayar, Founder-Chancellor to whom I pay my humbly obeisance for, without his visionary educational concepts this study could not have been a reality.

Dr. Georgi Abraham, M.D, FRCP, who offered invaluable suggestions and constructive criticism which helped mould my unpolished expressions and skills. Also for making me see problems through an entirely new perspective.

Dr. Rajalakshmi, M.Sc.(N), Ph.D., Co-guide for her excellent and highly valued suggestions. Her selfless and tireless support all throughout this study cannot but be esteemed highly and preciously without the slightest doubt.

Dr. B.W.C. Sathiyasekaran, M.D, M.S. (Epidemiology), Professor and HOD, Department of Community Medicine, SRMC & RI (DU) for his expert and invaluable guidance. His active and encouraging presence only prompted me to go on in this endeavour. And, without his worthwhile support this study would be half-baked.

Dr. P. Soundararajan, M.D., D.M., Professor and HOD, Department of Nephrology for his kind permission to conduct this study. Further, his excellent knowledge in the field of nephrology tremendously prompted me to accomplish the aim of this study.

Professor Amalraj, Ph.D., for his support and guidance in the statistical analysis that ameliorated the representation of the data in this study.

Mrs. Mallika Jacob, Deputy Registrar, SRMC, RI (DU) for her immense support and encouragement to help complete well this study.

Mr. Subramanian, Deputy Registrar (Academic) immeasurable support which helped me achieve this study successfully.
Ms. Bernice Johana Daniel, M.Sc.(N) and Prof. P.V. Ramachandran, M.Sc.(N), Chairman, Nursing Education, for their tireless motivation and support throughout this study.

The Patients and their relatives (the backbone of this study!) for their good mutual support in conducting this study.

Ms. Anitha Amalraj, M.Sc.(N), for her precious guidance to complete this study.

Ms. T. Vidhya, M.Sc.(N), Ms. S. Punitha Josephine, M.Sc.(N), Ms. P. Sumathi, M.Sc.(N) and Mrs. A. Mala, M.Sc.(N), for their meticulous, faithful entry of data and for their sincere, supportive role played masterly to put the relevant facts and points appropriately in this study.

Ms. N. Gayathri Priya, M.Sc.(N), Ms. J. Hemamalini, M.Sc.(N) and Ms. K. Punitha, M.Sc.(N), for their long hours of hard work and sweat have indeed given accuracy and credibility to this study.

Mr. K. Pathinathan for his objective assessment and correction of English grammar, expression and sentence constructions without which reading this study would be stressful.

Mr. T. Thiagarajan, Tutor, in Dialysis and fellow staff for their kind help and generous time given to complete this study.

The Nurses in the Department of Nephrology of Sri Ramachandra Hospital, for their very kind co-operation and assistance to make this study a success.

The Librarian, colleagues and helpers for their fantastic and meaningful help both directly and indirectly, to make this a reputed study.

My own family members for their appreciation, understanding and moral support given to my ups and downs during this study.

T.R. UDAYA KUMAR, RN, RPN, M.Sc.(N)
