Acknowledgement

Research is a never-ending process involving a team of persons striving to attain newer horizons in the field of science. It affords me an immense pleasure to acknowledge with gratitude the help and guidance rendered to me by a team of people to whom I owe in a substantial measure in the successful completion of the project.

Words cannot express my deep sense of gratitude to my guide and mentor Prof. R. K. Goyal, M.Sc. (Med.), Ph.D., F.I.C., F.I.C.N., FAMS, FIPS, FIACS, Professor in Pharmacology, Department of Pharmacology, L. M. College of Pharmacy, Ahmedabad whose deep sharing and synergy have moved me many levels beyond my own thinking. I deeply express my gratitude from bottom of my heart for his constant untiring guidance, invaluable suggestions, constructive criticism, encouragement and advice during the course of this work. I could not express my feeling to the crucial nature of interactive help I have received from his learned personality.

I express my sincere gratitude and profound indebtedness to Late Prof. N. S. Parmar, M.Pharm., M.Sc. (Med), Ph. D., FIPS, Former Director, K. B. Institute of Pharmaceutical Education and Research, Gandhinagar and my previous research guide for his immense help, perpetual encouragement, innovative ideas and excellent guidance has contributed to my personal development as a pharmacy teacher and researcher.

I take this opportunity to thank Dr. Gaurang B. Shah M. Pharm, Ph. D., Professor, K. B. Institute of Pharmaceutical Education and Research, Gandhinagar, for his kind and selfless help, support and continuous encouragement during the entire experimental studies of this research work. A special mention of thanks to Prof. S. S. Pandya for his good support.
My special thanks to Prof. A. K. Sahuja, Principal, A. R. College of Pharmacy, Vallabhi Vidyanagar, for his advice, cooperation and selection of plant species.

With deep sense of appreciation I thank Dr. M. Rajani, Assistant Director, B. V. Patel PERD Centre, Ahmedabad, for her co-operation, guidance and invaluable suggestions and advice during the course of this work.

I express my sincere thanks to Dr. S. K. Vyas, Assistant Director, Torrent Research Centre, Ahmedabad for kindly considering the request and providing the standard sample of Silymarin, Paracetamol, Riboflavin used in present research work.

I owe special thanks to Dr. Shital Zambad, Scientist, Torrent Research Centre, Bhat, Ahmedabad, for his cooperation in carrying out the statistical analysis and overall guidance and help whenever I needed it.

I will miss my duties if I forget to acknowledge all my near and dear colleagues. The constant encouragement, motivation, help and suggestions given by Dr. Shrikant Deshpande, Dr. Vimal Kumar, Mr. Mitesh Jani, Dr. K. M. Bhat, Dr. K. I. Molvi, Dr. Navin Vaya, Mr. Sanjeev Acharya, Mr. Ashutosh Jani, and Mr. Sameer Shah. I extend my sincere thanks to all for their valuable contributions during this project.

A special mention of thanks to Ms. Pragna Shelat and Mr. Divyang Dave for their motivation and encouragement during my troubles and tough times. I am also thankful to Mrs. Anita Lalwani, Mr. Hitesh Dodiya, Mr. Vijay Parmar, Mrs. Palak Shah, Dr. Anuradha Gajjar, Ms. Tejal Shah, and Ms. Bhavita Dhru for their valuable support.

I extend my sincere thanks to Prof. D. D. Santani, Prof. Bakulaben Shah, Prof. B. N. Suhagia, Dr. K. M. Patel, Dr. Anita Mehta, Dr. Mamta Shah, and Dr. Rajendra Bhatt, the faculty members of L. M. College of Pharmacy, Ahmedabad for their help and moral support.
I owe my special thanks to Rajubhai Vora, and Prof. Junare for their kind support and cooperation always extended to me whenever I needed it.

The support, understanding, sacrifice, affection and care provided by my wife Mamta has really contributed lot in successful execution of this research work. I will never forget the efforts taken by her for typing and compiling this thesis in its best form.

I am also gratified to my lovely son Aditya (Varad) who refreshed and energized me everytime by his pleasant smile and tender care.

It is very difficult to express my feeling for my "PARENTS", my brother and sister. They have constantly motivated me for my work. Their support and encouragement with their endless cheering have led to the successful completion of my research work.
