Acknowledgement

A teacher is a friend, philosopher and guide. I am lucky to have one such teacher, Dr. Siba Prasada Panigrahi as my guide and supervisor for Ph.D. research. I have learnt the word and how to move on the same from my teacher. If I will write my thankfulness to him, I will be disrespecting my feelings; I am simply obliged to him.

Teaching at Berhampur and learning at Bhubaneswar while working with Dr. Siba Prasada Panigrahi in last four years became possible because of constant cooperation from my family members and each and every one from Kalam Institute of Technology, Berhampur.

No doubt, I have blessings from my parents.

I am thankful to my team mates in research work, Ravi, Archana, Sesdev, Chandan, Pradyumna and Jivan.
