## CHAPTER I

### INTRODUCTION

1.1 The Background.............................................................................................................1

1.2 Entrepreneur and Entrepreneurship.............................................................................2

1.3 Entrepreneurship—Concept.........................................................................................3

1.4 Entrepreneurship Development....................................................................................4

1.5 Indirect Approach to Entrepreneurship Development..................................................4

1.6 Direct Approach to Entrepreneurship Development....................................................5
1.7 Entrepreneurship Development Programme ..............................................6
1.8 Emergence of Entrepreneurship in India .........................................................9
1.9 Entrepreneurship Development: Global Scenario .........................................14
1.10 Entrepreneurial Characteristics ....................................................................19
1.11 Qualities of Entrepreneurs ...........................................................................23
1.12 Factors influencing the development of entrepreneurship ................................28
1.13 Role of Entrepreneurship in the Development of the Country .....................35
1.14 Objectives .......................................................................................................39
..................................................39
1.15 Scope of the Study ........................................................................................40
1.16 Research Questions .......................................................................................41
..................................................41
1.17 Rationale behind this study ..........................................................................42
..................................................42
1.18 Definitions of the concepts ...........................................................................43
..................................................43
1.19 Relevance of the Study ..................................................................................45
..................................................45
1.20 Methodology of Research .............................................................................47
..................................................47
1.21 Types of Variables to be measured ................................................................48
1.22 Method of Data Collection ...........................................................................49
CHAPTER II
REVIEW OF LITERATURE

2.1 Introduction

2.2 Theoretical Paradigm Related to Entrepreneurship

2.3 Innovation and Entrepreneurship

2.4 Motivation and Entrepreneurship

2.5 Women Entrepreneurship

2.6 Performance and Success of the Entrepreneurs

2.7 Impact of Globalisation on the Business of Ayurvedic Medicines

2.8 Conclusions

CHAPTER III
SOCIO-ECONOMIC PROFILE OF THE SAMPL

3.1 Introduction

3.2 Geographical Features

3.3 Sample Profile
3.4 Regional Status

3.5 Age of Entrepreneurs

3.6 Qualification of entrepreneurs

3.7 Type of Family of Entrepreneurs

3.8 Family Background of Entrepreneurs

3.9 Income of the Entrepreneurs

3.10 Reasons for Entering the Business

3.11 Motivating Persons

3.12 Co-operation from the spouse

3.13 Previous Experience

3.14 Assets owned by Entrepreneurs

3.15 Type of Unit

3.16 Age of Enterprise

3.17 Commencement of Entrepreneurial Activities

3.18 Location of the Unit
3.19 Forms of Organization ................................................................. 124
3.20 Sources of Initial Finance .......................................................... 125
3.21 Entrepreneurial Training ............................................................ 125
3.22 Size of Investment ..................................................................... 126
3.23 Size of Employment ................................................................. 128
3.24 Units following Code of Conduct prescribed by GMP .................. 129
3.25 Units receiving GMP Certificate ................................................. 129
3.26 Type of Markets ......................................................................... 130
3.27 Innovations ................................................................................ 131
3.28 Forms of Innovations ................................................................. 131
3.29 Percentage of Profit .................................................................... 132
3.30 Annual Turnover ......................................................................... 132
3.31 Socio-economic Profile of Women Entrepreneurs in the Sample ........................................................................................................ 133
3.32 Conclusions ................................................................................ 137

Annexure 3.1 Location of Ayurvedic Drug Industries in Thane District ......................................................... 140
CHAPTER IV
PATTERN OF ENTREPRENEURSHIP AMONG THE AYURVEDIC MEDICINE MANUFACTURERS FROM THANE DISTRICT

4.1 Introduction

4.2 Regional Status of the Entrepreneurs

4.3 Age of the Entrepreneurs

4.4 Qualification of the Entrepreneurs

4.5 Type of Family

4.6 Family Background

4.7 Income of the Entrepreneurs

4.8 Reasons for entering the business
4.9 Persons motivating Entrepreneurs

4.10 Co-operation from Spouse

4.11 Previous Experience in the Same Line

4.12 Forms of Organizations

4.13 Entrepreneurial Training

4.14 Sources of Initial Finance

4.15 Size of Investment

4.16 Conclusions

References

CHAPTER V
PERFORMANCE OF ENTREPRENEURS ENGAGED IN THE PRODUCTION OF AYURVEDIC MEDICINES AND THEIR PROBLEMS AND PROSPECTS

5.1 Introduction
5.2 Performance of the entrepreneur………………………………………………………………………………………………………………………………………………187
