ANNEXURE -2
Volunteer's Consent Form

I, ____________________________________________

the undersigned, hereby willingly agree to participate in the research project “Phyto-pharmacological investigation of Moringa oleifera and Achyranthus aspera for their anti-asthmatic activity”.

I, hereby affirm that, there has been no inducement or any monetary compulsion in my willingness to be a volunteer for the above said project. I have been explained the general purpose of the experiments and I am convinced that they might benefit me, science as a whole and mankind at large. I have been made aware of the risks involved, which I am convinced are relatively very small. Also I agree to undergo the following procedure during the experiments.

• Ingestion of drug.
• Collection of blood samples.
• Performance of Pulmonary Function Tests.
• To abide by the constraints during the course of experiments.
• To remain under observation for the study period.

I also hereby reserve my right to opt out of the study at any time.
