Acknowledgements

I express my deep sense of gratitude and indebtedness to Dr. S. Muraleedharan Nair, Reader, Department of Chemical Oceanography, Cochin University of Science and Technology, Kochi for his inspiring guidance and constant supervision as well as ceaseless encouragement and critical appraisal throughout the course of my research work.

I am extremely grateful to Dr. N. Chandramohanakumar, Professor and Head, Department of Chemical Oceanography, Cochin University of Science and Technology, Kochi, for his invaluable suggestions and providing all the facilities for my research work. I express special gratitude to Dr. Jacob Chacko (Professor), and Dr. C.H Sujatha (Lecturer), Depart of Chemical Oceanography, Cochin University of Science and Technology, Kochi for giving me overall guidance and encouragement throughout my research.

I express my gratefulness to Dr. Rasik Ravindra, Director, National Centre for Antarctic and Ocean Research, Vasco-da-Gama, Goa and Dr. S.R. Satheesh Shetye, Director, National Institute of Oceanography, Dona Paula, Goa for providing necessary facilities for the completion of this work. Sincere thanks to Dr. N. Bahulayan, Scientist-in-Charge, RC-NIO, Kochi, for providing the necessary research infrastructure and encouragement. Dr. Thamban Meloth, Head, Ice Core Division, NCAOR, Goa is thanked for his encouragement and keen interest in my work.

I thank Dr. C. Revichandran, Scientist, RC-NIO, Kochi for providing funding for this work under the project Nearshore Dynamics along the southwest coast of India with special reference to mudbanks and upwelling. I also thank Dr. K.K. Balachandran, Technical Officer, RC-NIO, Kochi for funding the estuarine work under the project Ecosystem Modelling of Cochin backwaters.

My deepest gratitude and appreciations to Dr. P.K. Dineshkumar (Scientist), Mrs. Thresiamma Joseph (Scientist), and Drs. Maheswari Nair (Technical Officer), RC-NIO, Kochi for their invaluable help and suggestions.
at all stages of my research work. I am grateful to Drs. S.U. Panampunnayil (Scientist) for supporting my fellowship under the project Biodiversity of phytoplankton and zooplankton in the island ecosystem: Andaman Sea.

I sincerely thank Dr. V. Balaram, Head, Geochemistry Division and his colleagues, National Geophysical Research Institute, Hyderabad for providing technical support in the geochemical analysis. Dr. B.N. Nath, Scientist, NIO, Goa has given analytical guidance and critical suggestions during the preparation of this dissertation.

Mr. G.D. Martin, Research Scholar, RC-NIO, Kochi, Mr. P. Shaiju, Research Scholar, CUSAT, Mr. M.C. Manoj, Research Scholar, NCAOR, Goa, Mr. B.L. Redkar, Technical Assistant, NCAOR, Goa, Mr. Ashish Painguinkar and Mr. Anand Chondankar, Project Assistants, NCAOR, Goa are gratefully acknowledged for the constant help and support.

All these years, boundless love, support and constant encouragement of my parents and sisters were the driving force behind me. I take this opportunity to express my love and devotion to each one of them. I am grateful to the present and former research scholars of RC-NIO and CUSAT and to my friends for all the encouragement and support. Finally, I express my heartfelt gratitude to all those who have helped me in one way or other, in the completion of this research work.

Sahuj C. M.
