ACKNOWLEDGEMENT

It is my privilege to express heartfelt gratitude to my research supervisor, Dr. K. V. George, Associate Professor and former Head, Department of Botany, C.M.S. College, Kottayam, for introducing me to this challenging subject of Phytochemistry. I received several invaluable and innovative ideas in my research area from my esteemed supervisor, which will remain as the backbone for my future ventures. I extend my deep sense of thankfulness to Dr. George for allowing me to take forward his UGC project in *Premna serratifolia* and providing me a clear vision of steps to be followed in fulfilling the objectives. I am obliged for his research contributions including assigning of apt research topic, flawless designing of research work, day to day guidance for advanced modifications, profound analysis and interpretation skills and specifically his keen dedication for research, without which this thesis would not have been completed on time. I once again thank him for his support, inspirations, encouragements and advices.

I owe my gratitude to Dr. Solomon Habtemariam, Programme Leader & Principal Lecturer, Pharmacognosy Research Laboratories, Medway School of Science, University of Greenwich, U. K., for allowing me to accomplish a portion of the Ph. D. work in his research laboratory at Medway School of Science, Greenwich. I deeply acknowledge his valuable guidance and supervision throughout my research period.

A research work in the discipline of science cannot be comprehended without ample laboratory facilities. I am grateful to the management and staff of New Udaya Pharmacy and Ayurvedic Laboratories (NUPAL), Kadavanthra, Kochi, for their excellent technical support provided during the course of the work. I pay my homage to Late. Padmanabhan Vaidyar (Founder of NUPAL) for his concern and valuable comments during the research work. It is difficult to express in words my indebtedness to Mr. R. Shankar Iyer, G. M. (Technical), NUPAL, who not only supervised but always remained as a strong supporter, friend and well-wisher. Thanks and appreciations are due to the whole technical crew at Quality control lab, NUPAL.
and especially to Mrs. Deepa T. D., Mrs. Soumya Francis, Mrs. Priyanka A., Mrs. Divya Raman, Miss Sayana P. S., Mrs. Raji P. G. and Mrs. Shibi A.

I acknowledge the technical services rendered by Sophisticated Analytical Instrument Facility (SAIF), Mumbai; Sophisticated Test and Instrumentation Centre (STIC), Kochi and Plant Anatomy Research Centre (PARC), Chennai. Individually I thank Prof. P. Jayaraman (PARC), Dr. Vijayalakshmi (SAIF) and Dr. Mayuri Gandhi (SAIF) for the help rendered in interpreting the data. I equally thank Dr. Stephey Thomas (Associate Professor, Department of Statistics, B.C.M. College, Kottayam) and Dr. T. M. Jacob (Associate Professor, Department of Statistics, Nirmala College, Muvattupuzha) for their valuable help provided in analyzing statistical data. My thanks to all of them.

I thank Dr. C. T. Aravindakumar (Dean and Director, School of Environmental Sciences, M.G. University, Kottayam) for providing the necessary support during the research work. I also thank the former Director of School of Environmental Sciences, Dr. E.V. Ramaswamy. I acknowledge the services provided by the faculty members and the administrative, library and laboratory staff of the School of Environmental Sciences, M. G. University, Kottayam.

I am thankful to M. G. University, Kottayam and UGC, Bahadurshah Zafar Marg, New Delhi-110029 (Ref.No.35-46/2008 (SR) dated 20 March 2009) for the financial assistance.

I wish to express my sincere thanks to all co-researchers viz., Prof. Vasudevan Pillai (Head, Department of Physics, N.S.S. College, Nenmara), Dr. Diana K. J., Mr. Jose Mathew, Mrs. Rini Abraham and Mr. Teny David for their constant encouragements. The heartfelt goodwill and support given to me by Mrs. Asha D. and Miss. Preetha Terence (Late) can never be fully acknowledged.

Acknowledgement will be curtailed without extending my heartily gratefulness towards my well-wishers and supporters viz., Mr. K. Jayakumar, I.A.S.
(Former Chief Secretary, Kerala State), Dr. Santha Sadasivan (Professor, Medical College, Thiruvananthapuram) and Justice R. Sreedevi (Former Judge, High Court, Kerala) who gave their bit of contributions in the completion of my work. I equally extend my gratitude to Mrs. Laiju Ravi and Mr. Govindan Namboothiri.

In sorrowful remembrance and thanks I recall the confidence given to me in abundance by my late Grandfather, Shri. P. N. Sadasivan, who dreamed and inspired me in undertaking this research work. I express my indebtedness to my beloved parents, Mr. Vijaya Bose and Mrs. Girija Bose, whose sustained support, prayers, inspirations, encouragements and blessings have always smoothened my path. I extend my heartfelt gratitude to my brother, Mr. Ganesh V. Bose and my in-laws for their encouragement and support. I express my ineffable thanks to my beloved husband Mr. Ajit Bhagyanathan and my dearest daughter Miss. Adithri Ajit, who gave me immense encouragement and emotional support in finishing this research work.

Last but not the least, I bow before the God Almighty for giving me this wonderful opportunity and for the blessings showered upon me.

Lekshmi V. Bose
