LIST OF TABLES

Table I.1. The sub-regions of Ahmedabad Urban Agglomeration with demo-graphic and environmental condition. 15

Table II.1. Weightage for two overlayed maps 46
Table II.2. Interrelated percentage of major factors of disease 47
Table II.3. Conversion of data of the model into % from Table II.2 51
Table II.4. Sample taken from each region. 53

Table III.1. No. of cases and death of water-borne disease in Gujarat during 1989 to 1995. (page - 79). 73
Table III.2. District wise no. of cases and deaths of water-borne diseases, Gujarat, 1995. 76
Table III.3. No. of cases and deaths of water borne diseases in major cities of Gujarat, 1995. 79
Table III.4. Percentage of diseases in cities with respect to that of districts total cases, 1995. 79

Table IV.1. Occurrence of cases on the previous day and the fourth day of the rainfall. 88
Table IV.2. Ground water level in Ahmedabad from the surface level (1965-90) 91
Table IV.3. Water-borne diseases by seasons over time (1989-1993) 93
Table IV.4. Month-wise distribution of four major water-borne diseases (1989-1993) 96

Table IV.7. Diseases by age group over time (1989-1993).

Table IV.8. Cases of water-borne disease by income group (per family per month).

Table IV.9. Distribution of water-borne diseases by income groups.

Table IV.10. Literacy and water-borne diseases, 1993.

Table V.1. Existing sources of water supply by AMC (1993)

Table V.2. Per capita water availability

Table V.3. Length of pipe-line, number of connections and pattern of water consumption in Ahmedabad (1980-1990)

Table V.4. Housing amenities with separate bath-room: Eastern and western side of Ahmedabad, 1993

Table V.5. Housing amenities with separate bath-room by regions of Ahmedabad, 1993.

Table V.8. Housing amenities with separate toilet by regions of Ahmedabad, 1993.

Table V.9. Housing amenities with separate kitchen: eastern and western side of Ahmedabad 1993.
Table V.10. Housing amenities with separate kitchen by regions of Ahmedabad, 1993.

Table V.11. No. of rooms per house: Eastern and western side in Ahmedabad 1993

Table V.12. No. of rooms per house by regions of Ahmedabad, 1993

Table V.13. No. of rooms and types of water-borne diseases

Table V.15. Cleanliness of house by regions of Ahmedabad, 1993

Table V.17. Water logged by sewerage and diseases, 1993

Table V.18. Water-logged by rain water and diseases, 1993

Table V.19. Existing sewerage treatment plants

Table V.20. Length of sewerage lines and storm water drains (SWD) in Ahmedabad

Table V.21. Garbage accumulation and diseases, 1993

Table V.22. Cleanliness of area:

Eastern and western side of Ahmedabad, 1993

Table V.23. Cleanliness of area by regions of Ahmedabad, 1993.

Table V.24. Overall cleanliness of area and diseases, 1993

Table V.25. Problems of mosquito/fly and water-borne diseases, 1993

Table V.26. Measures of municipality taken for mosquito/fly, 1993

Table V.27. Method of purification of drinking water and diseases.
Table V.28. Purification of drinking water by different methods:
   eastern and western side of Ahmedabad, 1993. 167

Table V.29. Purification of drinking water by different methods:
   by regions of Ahmedabad, 1993 167

Table V.30. Habit of washing hands with soap/ash after
   latrine and diseases, 1993. 169

Table V.31. Cleaning of water tank in Ahmedabad, 1993 170

Table V.32. Cleaning of water tank and diseases 171

Table V.33. Cleaning of water tank: Eastern and western side of
   Ahmedabad, 1993 171

Table V.34. Cleaning of water tank by regions of Ahmedabad, 1993 172

Table V.35. Throwing daily garbage by Weightage in Ahmedabad
   174

Table V.36. Eating habits: Eastern and western side of
   Ahmedabad, 1993 177

Table V.37. Eating habits by regions of Ahmedabad, 1993 177

Table V.38. Reasons for not cleaning clothes and vessel,
   separately with boiled water. 181

Table VI.1. GIS overlay of drinking water factor:
   eastern and western sides of Ahmedabad, 1993 187

Table VI.2. GIS overlay of drinking water factor by
   regions of Ahmedabad, 1993 187

Table VI.3. GIS overlay of environmental quality factor:
   eastern and western sides of Ahmedabad, 1993 192

Table VI.4. GIS overlay of environmental quality factor
   by regions of Ahmedabad, 1993 194
Table VI.5. GIS overlay of behavioural factor by eastern and western side of Ahmedabad, 1993

Table VI.6. GIS overlay of behavioural factor by regions of Ahmedabad, 1993

Table VI.7. Total environmental quality (GIS overlay of three main factors): eastern and western sides of Ahmedabad, 1993

Table VI.8. Total environmental quality (GIS overlay of main three factors) by regions of Ahmedabad, 1993

Table VII.1. Temporal distribution of morbidity of Gastro-enterities (1989-93)

Table VII.2. Temporal distribution of morbidity of viral hepatitis in Ahmedabad (1989-1993)

Table VII.3. Temporal distribution of morbidity of typhoid fever in Ahmedabad (1989-1993)

Table VII.4. Temporal distribution of morbidity of cholera in Ahmedabad (1989-1993)

Table VII.5. Distribution of morbidity of four major water-borne diseases in Ahmedabad during 1989-1993.

Table VII.6. Distribution of Gastro-enterities (mean of 1989-1993) in Ahmedabad by eastern and western side

Table VII.8. Distribution of viral hepatitis (mean of 1989-1993) by eastern and western side in Ahmedabad.

Table VII.9. Distribution of Viral Hepatitis (mean of 1989-1993) by regions in Ahmedabad.
Table VII.10. Distribution of typhoid (mean of 1989-1993) by western and eastern side in Ahmedabad.

Table VII.11. Distribution of typhoid (mean of 1989-1993) by regions in Ahmedabad.

Table VII.12. Distribution of Cholera (mean of 1989-1993): eastern and western side in Ahmedabad

Table VII.13. Distribution of cholera (mean of 1989-1993) by regions in Ahmedabad

Table VII.15. Overlay of five years distribution of diseases of Ahmedabad (1989-1993) with GIS.

Table VII.16. Overlay of five years distribution of diseases by regions of Ahmedabad (1989-1993) with GIS.

Table VII.17. Location quotient of disease in terms of population by ward, 1991

Table VII.18. Major factors by weighted averages of cases by % of regions, 1993

Table VIII.1. Environmental Quality and perception of residents (1993)

Table VIII.2. Percentage of environmental quality and perception of residents, 1993.

Table VIII.3. No. of beds in different hospitals, 1991.
