ACKNOWLEDGEMENT

I bow to the Omnipresent, Omnipotent and Almighty God, the glorious fountain and continuous source of inspirations Who has made me capable enough to accomplish this work in the best possible way.

Achievement of a goal is not one person’s job. It is accomplished by guidance and co-operation of others.

I would like to acknowledge and extend my heartfelt gratitude to all those who have made this mammoth work possible.

I am deeply indebted to my supervisor guide Dr. Neepa Pandhi, Head Of the Department, Dept. of Microbiology, Shree M. & N. Virani Science College for continuous guidance, support, stimulating suggestions and encouragement that helped me in academic journey towards achievements of my goals.

All this could not have been possible without the motivation and moral support from the Management and trust of Sarvoday Kelavani Samaj. The blessings of P.P.Tyagvallabh Swami and other divine saints of the campus have always been with me to show me the right path.

I would like to thank to my Principal, Dr. A. U. Patel sir for his constant reminders and much needed motivation.

My very special thanks are due to my colleagues Mr. Mehul P. Dave, Mr. Kunal Upadhyay, Ms. Meenaksi Parmar, Ms.Vandana Chovatia, Ms. Jignasha Thummar, Mr. N. S. Junnarkar and Mr. R. J. Ratynani, from the Department of Microbiology of Shree M. & N. Virani Science College whose continuous presence energized me. I thank them for all their help, support, interest, enthusiasm and valuable hints.

I express my deep sense of gratitude to Dr. S. V. Sukhadia and Dr. V. J. Jadeja for their enormous amount of help and teaching. I thank Sonal madam, Shivani madam and Praveena madam for their help and inspiration.

I would like to thank all the nonteaching staff of my Department for their help, assistance and support throughout my research work.

My special thanks to Dr. D. M. Purohit and Dr. P. C. Shah for their vital encouragement and support whenever needed. I extend my gratitude to Mr.J.D.Patel and Mr. Nilkanth Faladu for helping with the acquisition of glassware, Chemicals and instrumentation.

I am grateful to Dr. Chetan Ambasana who has been instrumental in laying the foundation of Microbiology in me and to direct me towards research in this wonderful subject. Special thanks are due to Dr. J. M. Dave sir for his consideration and motivation whenever required.
I express a deep sense of gratitude to Dr. M.S. Murthy, Dr. S.P. Singh, Dr. B.R.M. Vyas, Dr. Vrinda Thaker and Dr.S. V. Chanda for their consideration and motivation.

Words are inadequate in offering my thanks to Dr. S. R. Dave, Head, Department of Microbiology, Gujarat University, Ahmedabad for his kind attention, valuable suggestions and guidance throughout the work which was a great force of encouragement for me.

I would like to acknowledge and extend my heartfelt gratitude to my students Ms. Smruti Mehta, Ms. Rachana Bhatt, Ms. Trupti Nandania, Ms. Komal Patel, Ms. Sejal Kothia and Ms. Mital Vora who have been my aid and associates during practical work.

A special thanks to all the authors whose work has been cited in the bibliography.

I am thankful for the culture identification and assistance provided by Gujarat State Biotechnology Mission (GSBTM), especially Dr. Madhvi Joshi.

My most sincere and special thanks are due to my parents, my brother and my in-laws. Words alone cannot express what I owe them for their encouragement, their continuous support and love which enabled me to complete this work.

I am especially thankful to my husband whose patience, love and cooperation enabled me to complete this work on time.

Thanks are due to all those who have directly or indirectly helped me in my work and whose names may not appear on this page but they will always be in my heart.

I salute to the divine powers of Almighty Saibaba, whose blessings are always with me and I could finish this work only through His grace.

Ms. Archana Rana
