Acknowledgement

Read! And thy Lord is most Honorable and who taught (to write) by pen, He taught man that which we know not.

First of all, many thanks to ALMIGHTY for His benevolent blessings and abundant mercy who enabled me to complete this present work.

I would like to acknowledge the people who have contributed to the present thesis, including those that have supported me in either a professional or personal way!

In particular, I wish to thank:

I express my deepest sense of gratitude to my supervisor, Dr. A. Shajahan, Senior Lecturer, PG and Research Dept of Botany, Jamal Mohamed College, for his excellent scientific guidance, enthusiasm and support. He has had always time to discuss both scientific and non-scientific issues with me, which has been valuable for my professional growth.

I profoundly grateful to Janab. M.J. Noorden Sahib, President, Janab. Hajee. M.J.M. Abdul Gafoor Sahib, Secretary & Correspondent, Janab. Hajee. K.A. Khaleel Ahamed Sahib, Treasurer, Janab. A.K. Khaja Nazeemudeen Sahib, Assistant Secretary and the management committee members of Jamal Mohamed College for their encouragement and also providing facilities to complete this research work.

I am grateful to Janab. Hajee. Dr. M. Sheik Mohamed, Principal, Jamal Mohamed College for his motivation towards research and providing the lab facilities to complete this work.

I extend my gratitude to Dr. S. Ahmed John, Head, PG and Research Dept. of Botany, Jamal Mohamed College for providing lab facilities during my research work.

My sincere thanks go to Hajee Dr. M.M. Shahul Hameed, Addl. COE & Head, Dept. of Biotechnology, Jamal Mohamed College for his enduring encouragement.

I wish to express my heartiest gratitude Dr. A. Ganapathi, Professor and Head, Dept. of Biotechnology, Bharathidasan University, Thiruchirappalli and Dr. S. Kulothungan, Associate Professor, Department of Botany and
Microbiology, A.V.V.M. Sri Pushpam College, Poondi, Thanjavur, who are as member of the Doctoral Committee, and propelled me to bring this thesis in the present shape.

I am gratefully acknowledge and express my sincere thanks to Dr. K. Kathiravan, Assistant Professor, Dept. of Biotechnology, Madras University, who rendered valuable ideas and suggestions during this period of study.

Words are inadequate to express my sincere gratitude to Dr. H. Syed Jahangir and Mr. A. Aslam, Lecturer in Dept. of Botany, Jamal Mohamed College, Tiruchirappalli for their valuable suggestions to improve the quality of my thesis.

I am thankful to Dr. V. Nandagopalan, Associate Professor, Dept. of Botany, National College and Dr. A. Lakshmi Prabha, Assistant Professor, Dept. of Plant Science, Bharathidasan University for their valuable suggestions in the anatomical studies and their unforgettable timely help.

My sincere thanks to my Professors Prof A. Syed Ali, Prof. M. Purushothaman, Dr. A. Khaleel Ahamed, Dr. S. Mohamed Salique, Dr. Muhammed Ilyas, Dr. M. Ghouse Basha, Dr. M. Kamaraj and Dr. R. Ravikumar for their encouragement and constant support during the course of my research.

I am thankful to Dr. M. Janarthanan, Associate Professor, Dept. of Zoology, Madras University, Chennai, for his valuable help during molecular diversity studies.

I am indebted to Dr. Anbu, Director and Head, Horticulture Research Station, Periyakulam, Theni, for his valuable help during germplasm collection.

My warm thanks to Mr. M.S. Mohamed Jaabir, Mr. S. Senthilkumar, Dr. J. Sebastin Raj, Miss. G. Priya Lakshmi, Mrs. K. Humara Begam and Dr. T. Nargis Begam, Dept. of Biotechnology, Jamal Mohamed College, for their valuable comments and supports throughout my research.

My most sincere appreciation to all my lab juniors Mr. M. Senthil Kumar, Mr. A. Akbar, Mr. A. Saravanakumar and Mr. C. Soundar Raju and friends for their constructive help during the whole period of my work.
There are several persons that I am deeply indebted to several persons for their tireless assistance. Without their aid and support, this research and present format of thesis would not have been possible.

On a personal level, I have been extremely fortunate to be surrounded by supportive network A. Shakila Begam, R. Kanmani, G. Siva, S. Anantha Vijay, R. Pradeepa, V. Saranya, S. Ashfaq Ahmed and A. Riyaz Ahmed, Dept. of Biotechnology, Jamal Mohamed College.

My sincere thanks to Mr. Joe, Sun Studio, Thiruvarambur, Thiruchirappalli, for his excellent photography work and timely help during my entire study.

I wish to extend my thankfulness to Mr. S.A. Shafi, Mr. M. Masthan and Mr. S. Iqbal for their help during documentation and making this thesis lively.

Many thanks to all Research Scholars of the PG and Research Dept. of Botany, Jamal Mohamed College, Tiruchirappalli.

I extend my thanks to the non-teaching staff members of the PG and Research Dept. of Botany, Jamal Mohamed College, Bharathidasan University, Tiruchirappalli.

Behind every successful doctorate student, there is a host of supportive and wonderful people. Last but definitely not least, I would like to thank to my family members for their consistent support to complete my research.

K. Mohamed Rafi
