ACKNOWLEDGEMENT

First of all I would like to express my sincere gratitude to my Research advisor Dr. S. Ravi, Assistant Professor of Physics, Faculty of Engineering and Technology, Annamalai University, Annamalainagar, for his continuous support to my Ph.D study and for his patience, motivation, enthusiasm, and immense knowledge. His guidance helped me in all the time of research and writing of this thesis. I could not have imagined having a better advisor and mentor for my Ph.D study.

I am obliged very much to express my sincere thanks to Dr. S. Bharathan, Professor and Head, Department of Physics, Annamalai University for his encouragement during the course of investigation and for providing the necessary facilities and valuable suggestions.

I am extremely thankful to Dr. B. Rajamannan, Professor of Physics, FEAT, Annamalai University, for his constant encouragement and suggestion for this study.

My heartily thanks are due to Professor Dr. AN. Kannappan, former Dean and Head Department of Physics, Annamalai University.

My special thanks are due to Dr. S. Velmurugan, Assistant Professor, Department of Physics FEAT, Annamalai University,

My sincere thanks are due to Dr. P. Kabilar, Department of Physics DDE, Annamalai University for his timely help for this work.

I wish to express my sincere thanks to Dr. S. Dhanapandian, Assistant Professor Department of Physics, Annamalai University for his timely help and suggestions.

I express my heartfelt thanks to Dr. V. Pandiyvan, Assistant Professor of Physics, Nehru Memorial College, Puthanampatti, Trichy, for his timely help and valuable suggestions for this work.

I also thankful to Dr. B. Krishnakumar Post Doctoral Fellow for his constant encouragement, throughout this work.

I express my sincere thanks to Dr. K. Saravanakumar, Marine Biology, Annamalai University, for his valuable help.
I express my heartfelt thanks to **Dr. C. Sanjiveeraja** Professor and Head, Department of Physics, Alagappa University Karaikudi for offering XRD instruments characterization and analysis of my samples in this study.

I would like to thank **Dr. Ramesh**, Professor and Head, Animal Biotechnology, Madras Veterinary College, Chennai for the analysis of my samples using TEM technique.

I extend my thanks to **Dr. K. Umamaheshwari** Dean Centre for Nano Science and Nanotechnology and **Mr. Sathiyanamoorthy**, Analyst, Sastra University Thanjavur, for offering FE-SEM instrument for the characterization and analysis of my samples.

I am immensely grateful to the Teaching and Non teaching staff members of Department of Physics, and Department of Engg. Physics, Annamalai University for their valuable help.

I extend my sincere thanks to the Staff members of Central Instrumentation & Services Laboratory (CISL) and Instrumentation Lab, Department of Physics, Department of Chemistry, CAS in Marine Biology, Parangipettai, Annamalai University, for offering instruments techniques for sample characterization and analysis.

I would like to thank my doctoral Junior **Mr. V. Kathiravan**, Department of Physics, Annamalai University by helping me in many ways for the study.

I would like to thank my friends **Mr. S. Mohan**, G. Thiruppathi, P. Chandrasekaran, K. Santhosh Kumar, P. Dhatshanamoorthi, M. Pazhani, M. Muneeswaran, A. Raja, K. Paramasivam, Suresh Prabhakar, V. Arun, G. Sivakumar, Dhinakaran, Vinoth, Rajapriyan, Thulasidhasan, Mahendra Prabhu, Mahendran, Guru Moorthy, Chandramohan, A. Pakrisamy, E. Gopinathan, Elumalai, J. Jayaprakash for their timely help for this study.

Personally, words are inadequate to express my heartfelt thanks to my senior and junior research scholars from Department of Physics and neighbouring Departments for their invaluable help in the course of my study.

Last but not least I am grateful thanks to my parents **U. Subramanian**, S. Kunjaram and my brothers **S. Neelamegam**, S. Krishna Gopi and S. Kutti for blessings and supporting me spiritually throughout my life.

© **S. ASHOKKUMAR**
