ACKNOWLEDGEMENTS

I wish to record my deep sense of gratitude and profound thanks to my teacher and research guide Dr. G. V. Madhava Sharma, FNASc, Chief Scientist & Head, Organic and Biomolecular Chemistry Division, CSIR-Indian Institute of Chemical Technology, Hyderabad for his guidance, constant encouragement and valuable suggestions throughout this course, which greatly enhanced my interest in the frontier area of science. His remarkable scientific abilities, hard working, affectionate and friendly nature is always an inspiration for me towards achieving a good career. I am very much thankful for his unflinching support, affection, which helped me a lot in exploring my abilities and made it possible for me to carry out the present work which otherwise, would be very difficult.

I take this opportunity to reveal my gratitude, regards and sincere thanks to my teacher Prof. Y. Jaya Prakash Rao, who has helped me to join in this privileged group at CSIR-IICT.

I am indebted to Dr. A. C. Kunwar for his support throughout my work period. I have the pleasure of collaborating with him for my thesis work.

It is indeed a privilege to associate myself with Dr. P. Radha Krishna, he deserves much more than a mere thanks for his support throughout my doctoral period.

It is my bound duty to record my thanks to Dr. Bertrand Carboni, Prof. Pierre H Dixneuf, Dr. Christian Bruneau, Dr. Mathieu Achard, Dr. Rene Gree and Asst. Prof. Fabienne Berree.

I pay rich tribute to Prof. C. Rambabu, Principal, Board of Studies, University College of Science, Dr. B. Hari Babu, Head, Department of Chemistry and other faculty, Acharya Nagarjuna University, Guntur, for giving opportunity of my Ph. D. programme in the university.

I take this opportunity to reveal my gratitude, regards and sincere thanks to my teachers (Mr. R. Ramalinga Reddy, Mr. M. Madhava Reddy, Mr. Md. Sherif and Mr. R.
