Acknowledgements

I would like to express my wholehearted thanks to our Group leader Prof. D. G. Kuberkar for their generous support and immense help provided throughout the period of my research work. It is due to his enormous hard work I am capable to express my knowledge in the form of Ph.D. thesis.

I would like to express my sincere gratitude to my supervisor, Prof. Nikesh A. Shah for his expert guidance and continuous support in completing this work successfully. I am very grateful to him for his constant motivation, fruitful suggestions, kind support, guidance and continuous encouragement in all aspects and more importantly, for creating a cheerful and cooperative working atmosphere in the lab. He is and will always remain an idyllic person, directing my research path with sharpness and has been always like a shadow during the time of darkest moments not only during the Ph.D. work but also in every phase of life.

I would like to extend my special thanks to Dr. Piyush Solanki for being an all time support, inspiration and a source of motivation to work in better directions and showing a lot of faith in me and giving me directions whenever I approached.
I am extremely thankful to Dr. K. Asokan, IUAC-New Delhi for allowing me to use their experimental facilities available at IUAC- New Delhi.

I express my thankfulness to Prof. H. H. Joshi, Head, Department of Physics, for providing the departmental facilities. I would like to thank all the teaching and non-teaching members of the physics department for showing interest in my work.

It is very special occasion to memorize my seniors, Dr. Jaysukh Marakna, Dr. Dhiren Pandya, Mr. Sanjay Kansara who are an epitome of determination, has been a great source of inspiration and motivation for me. Despite this, they have helped me in many other problems of research and accomplishing some objectives.

I would like to express my thanks to my college Ms. Zalak Joshi for their warm help, support and motivating me to be a good researcher and moral support provided by her.

I would also like to thank my juniors Ms. Kinnari Thakarar, Mr. K. N. Rathod, Ms. Hetal Boricha and Mr. Keval Gadani for helping me in my research work and providing pleasing atmosphere in our laboratory.
I would like to thank Dr. Ashish Ravaliya, Dr. Megha Vagadiya, Mr. Mukesh Kesvani, Ms. Priyanka Trivedi, Mr. Savan Katba, Ms. Sadaf Jethva, Mr. Malay Udeshi, Ms. Brinda Vyas, Mr. Chirag Savaliya, Ms. Hetal Kundaliya, Mr. Ashish Panikar for their kind support.

I owe my deepest gratitude to Mrs. Ashwini N. Shah for her kind temperament as a mother as well as nice hospitality and homely treatment during the course of Ph.D. I would also like to thank little angle Akashada N. Shah and little prince Athrva N. Shah.

It is a great moment to remember my family for their valuable hard work for my career. My beloved parents dear papa Late. Shree Bipinchandra Ishwarlal Dhruv, mom Mrs. Rekhaben Bipinchandra Dhruv and my sisters Pallavi S. Kamdar & Dhaval M. Rajani are acknowledged from the bottom of my heart without whom I would not have been to this stage. Their love and affection has been a source of motivation and moral support.
