ACKNOWLEDGEMENTS

First of all I am thankful to Almighty God for the blessing showered during entire past and present periods.

In a work of the present magnitude, spread over a considerable span it is really difficult to thank one’s benefactors and more difficult to thank then, adequately. The attempt here is very modest. It lacks adequacy. However, it is being made below.

First and foremost, my thanks are due to Dr. J. Dominic, Head & Chief Librarian, Department of Library & Information Science, Karunya University, Coimbatore (Tamil Nadu) my supervisor and these thanks I do most profusely and profoundly. But for his guidance and sustained efforts, despite his in different health, the thesis would not have reached the stage of completion. A student, at best is a medium and the real deriving force is the guide, it is his intellectual capital, which finds reflection, again and again, in his work.

My heartfelt thanks are due to Dr. B. Ramesh Babu, Professor, Department of Library & Information Science, University of Madras, Chennai (Tamil Nadu) whose clarity and intelligence were great assets for my members of Doctoral Committee, Dr. Tamizhchelvan, Librarian, Engineering College, Coimbatore, who also depicted these qualities, in abundance.

I am also thankful to Mr. Prem Singh, University Librarian and Mr. R. K. Pateria, Assistant Librarian, Chaudhary Charan Singh Haryana Agricultural University, Hisar (Haryana) for providing the necessary facilities which enabled support and helping hands.
I feel unique pleasure to thank all my teachers for extending me all the needed support and helping hands.

Words fail to express my love and gratitude towards my beloved parents, who gave me infinite love and influenced the essence of my every existence in this world. They are the true word of inspiration for me and will be till. The continuous love and care of my brothers Dr. A. K. Verma, Mr. M.C. Verma and my wife Mrs. Shipra Verma has always made me ebullient and energetic.

I can not express my feelings to my family members who were all the time a great support. Thus omission in brief acknowledgement doesn’t imply ingratitude.

In the end, I thank my university authorities in granting fellowship in studies and games to noble me to do this work.

Karunya University, Coimbatore
