ACKNOWLEDGEMENT

This is not just a formality but, a sincere effort to thank all those who have directly or indirectly helped me to accomplish this task. First and foremost, I express my deepest and sincere sense of gratitude to my research guides Dr. Anantharaman Dhanabal, Momentive Performance Material Program, GEITC, Bangalore and Prof. Dr. B.H.S. Thimmappa, Department of Chemistry, Manipal institute of Higher Education, Manipal University, Manipal for their guidance, stimulating discussions, valuable technical inputs and for their inspiring suggestions and constant encouragement throughout my research work.

I am also thankful to GEITC, Bangalore for sponsoring this research work and for allowing me to utilize all research facilities during the course of this research work.

My sincere thanks to Dr. Chandra Bajgur, for inspiring me to pursue Ph. D. and for guiding me at the initial stage of this research work. I am also thankful to Dr. Surendra Kulkarni and Dr. Radhakrishana for providing the opportunity to pursue Ph. D through the GE sponsorship program and inspiring me at every stage of my research work. I am grateful to Dr. Vikram Kumar and Dr. Khijar Sarnaik, Technical Director of Momentive Performance Material Program, GEITC, Bangalore for their excellent support.

I am grateful to Dr. Lakshmi Samantara, Dr. Avdhuth Maldikar, Dr. Danehey Charles, S. Swayajith, K.S. Raghadana, M.B. Pallavi and V. Ramakrishnan, Dr. Ravendra Mathad and Dr. Sushmita Franklin, GEITC, Bangalore for their support in generating analytical data presented in this thesis.

My special thanks to Dr. Juergen Ackermann, Dr. Dieter Wrobel, Dr. Samuel Conzone and Dr. Helmut Steinberger for their valuable inputs and encouragements for this research work.

No action or words would be adequate to express my love and gratitude to my loving parents, Shri. Shankar Suvarna and Smt. Seethamma, for their endless support and guidance. I would also like to thank my brothers, Somanath, Manjunath, Mahadeva, Srinivasa and my sister Indira, who provided moral and financial support. I am also thankful them for stimulating me throughout my educational career. My special thanks to my husband Dinkar and to my lovely daughters, Shriya and Laya for their constant support.

Of course I cannot forget my fabulous friends, especially, Dr. Indumathi Ramakrishnan, Dr. Abirami Srikanth and Vijayalakshmi, who helped me at different stages of my thesis work. I give a very special thanks to my colleagues Dr. Sriram Krishnamurthy, Dr. Vivek Khare, Dr. Anubhav Saxena, Dr. Mihirkumar Patel, Dr. Anil Balleda, Dr. Sreedhar Bhatt, Dr. Prashanth Shinge, Grish Chandra, Dr. Ajay Taraiya, Mayank Dubey, Dr. Sumanda Bandyopadhyay, Dr. Basavaraj Nagaralli, and Arun Kumar who provided support, technical inputs during the course of this research work. A special vote of thanks is extended to all my colleagues of GEITC, Bangalore who helped me at different times with valuable suggestions.

Last but not least, I offer my prayers to “God” because of his blessings I have successfully completed my mission.

Sumi Dinkar
