Acknowledgement

I express my heartfelt gratitude to my Guide Dr. R. Jayakumar, Professor, Amrita Centre for Nanosciences and Molecular Medicine, Amrita Vishwa Vidyapeetham for the valuable guidance and support extended during the course of my thesis work. His consistent encouragement and advices have contributed a lot in the entire period of my study.

I express my sincere thanks to Dr. Shantikumar V Nair, distinguished Director, Amrita Centre for Nanosciences and Molecular Medicine & Dean of Research, Amrita Vishwa Vidyapeetham for giving me the opportunity to conduct my Ph D research using all the world class facilities available in the centre. His advices and critical suggestions had a major role in framing my research work in proper direction.

I owe my gratitude to my Co-Guide, Dr. Vinoth K Lakshmanan, for his timely help and suggestions during the course of the work. He was always available to help me out whenever I needed any help.

I would like to thank my doctoral committee member, Dr. Sujit Nair, for his valuable suggestions and the great deal of encouragement to complete my thesis work. I take this opportunity to express my gratefulness to all the faculty members of Amrita Centre for Nanosciences and Molecular Medicine for their support.

I sincerely acknowledge Mr. Sajin P Ravi and Mr. Sarath for their technical support in the spectroscopical and microscopical measurements and Ms Sreerekha P R for all the FACS experiments. They were kind enough to render their services whenever needed, irrespective of their time constraints.

I express my deep sense of gratitude to Amrita Vishwa Vidyapeetham, for providing substantial infrastructure support for research.

I am thankful to all the Ph. D students especially Dhanya Narayanan and Aswathy J for their help and support. My sincere thanks to all the Ph D and M Tech
students who have come across during the period of my study who, with their pleasant smile and warm hellos made me feel elevated.

I cannot forget the great amount of help and support from my friends in Nano Drug Delivery. They really made me enjoy a student life and my time with them is quite memorable. I would not have completed my work without the kind support rendered by Sanoj Rejinold, Deepa Narayanan, Anitha A, Sudheesh Kumar, Maya S Nair, Snima K S, Amrita Nair and Smita. I am thankful to Shalumon and Soumya Sreenivasan for their timely help.

I owe special gratitude to Sandhya chechi and Saritha for their moral support and all my colleagues at the School of Pharmacy who adjusted so much in sparing my time for the thesis work. My special thanks to my M.Pharm students Shilpa Raj, Sumod U S, Soumya Saroj and Doney Alex for all the help.

A great deal of appreciation to my family, especially my Etan and my children, Krishna and Unni who compromised a lot in the last couple of years, without any complaints. It was the support extended from the family that made me strong and feel needed always. The prayers and blessings of my achan, amma, Anitha and my in-laws as well as the support by Ammoomma made my path easier and comfortable.

The blessings and inspiring support from Sri Poornamritanandapuri Swamiji is beyond words of description.

Finally I would like to acknowledge all who have come across in the period of the study who encouraged me and helped me personally and professionally. I realize that it is AMMA who have led me through all the time, as the true spirit and strength in me! I render myself before her; for all that I have in my life!
