ACKNOWLEDGEMENT

A research work of this nature and magnitude can never be undertaken and culminated successfully without the guidance and inputs from a number of people around one. So it is with this one too, and it is my endeavor to pledge my humble indebtedness to every one of them.

First and Foremost, I would like to acknowledge my gratitude and indebtedness to my revered guide Prof. C.K.Sonara for his constant encouragement, direction, magnanimity and support. Without his timely guidance and cooperation, I confess, I would not have completed my doctoral research. I was indeed fortunate to have a guide like him. I thankfully put this on record.

I would like to express my heartfelt gratitude towards Prof. & Head P.K.Rathod, Post Graduate Department of Business Studies, V.V.Nagar, for his advice and his academic inputs and vast experience have enlightened me very much and have enhanced the levels of this research.

I owe a word of gratitude to the authorities of Sardar Patel University. They grant me permission for the study.

I express my thanks to the library staff of IRMA, Anand, Bhaikaka Library, V.V.Nagar and IIM, Ahmedabad, for providing me necessary assistance for the present investigation.

I am extremely grateful to the learned authors of the select references whose writings proved the base for this thesis.

I am thankful to Mr. Ashav Patel, Project Fellow, MRP – P.G.Deptartment of Business Studies, Sardar Patel University, Vallabh Vidyanagar who has kindly supported me to complete this work.

I would like to put on record my sincere thanks to Dr. Kamlesh Patel, Assistant Professor, SKSBM M.B.A. Department, Patan and Kalpit Dave, Office Superintendent, APMC Pharmacy College, Himatnagar who were very helpful in providing critical tactical inputs and motivation throughout the duration of my research.
I wish to make a special mention to my uncle G.F.Vohra for his inspiration and motivation during my research work.

I would be failing in my duty if I forget to express my gratitude to my father late. Mr. Mazidbhai F. Vohra and my beloved mother Mrs. Rabiaben M. Vohra and my respected sisters Shirin I. Vohra and Shammi S. Vohra without their blessings, I wouldn't have achieved this academic milestone and reach up to my ambitions.

It is needless to say that the sustaining interest of my wife Dr. Foziya in this academic pursuit has been strength to me. Her sacrifice is difficult to acknowledge. I am also thankful to my loving daughter Daraksha and my son Master Atik who kept me free from all fatherly responsibilities and thus gave me moral support in concretizing my research work.

I am also thankful to all my relatives, friends, colleagues and well wisher who have directly or indirectly inspired me in completing this thesis.

Last but not least I owe a word of gratitude to the Almighty for providing me hidden strength and inspiration.
