Acknowledgements

It gives me immense pleasure to express my profound gratitude to my honourable supervisor, Dr. J.R. Sharma, Associate Professor, Department of Mathematics, Sant Longowal Institute of Engineering and Technology, Longowal, who inspired me to take up this research work. I am deeply indebted to him for his kind cooperation, constant inspiration, encouragement and valuable guidance during my entire research period. The legacy of scientific inquiry, hard work and value of temperament that I inherited from him shall be a great wealth for me that I will cherish throughout my life.

Foremost, I would like to express my sincere gratitude to co-supervisor Dr. R.K. Guha, Associate Professor, Department of Mathematics, Sant Longowal Institute of Engineering and Technology, Longowal, for the continuous support of my Ph.D. work, for his patience, motivation, enthusiasm, and immense knowledge. Throughout my research period, he provided encouragement, sound advice, good teaching and lots of good ideas.

I warmly thank Prof. C.L. Kochher, Regional Director, DAV College Managing Committee, for his blessings, inspiration and cooperation throughout the course of my Ph.D. work. His understanding, encouraging and personal guidance helped me in all the time of research and writing of this thesis.

I am grateful to my friends Sudhir Sharma, Neeru Malhotra and Aarti Kochhar for the spirit of solidarity and collectivism in the form of help at times during my research period.

I thankfully acknowledge the co-operation extended by the authorities of SLIET, Longowal and DAVIET, Jalandhar. I sincerely thank all the faculty members of Applied Sciences Department of DAVIET for their help. Thanks to Alka and Harpreet for their cooperation.

My deepest gratitude goes to my Father-in-law and Mother-in-law for their unflagging love and support throughout my life; this Ph.D. work is simply impossible without them. It is great opportunity to be associated with Sanjeev and Anu, who helped through their spirited nature.

I am also thankful to my parents and sisters Renu and Neeru for the encouragement that I received from them in many forms.

I will be failing in my duty if I do not express my sense of profound gratitude to my husband Dr. Rajeev Kr. Sharma for his patience and understanding. Indeed his critical observations and constructive criticism has enabled me to present this work in this form.

Finally I would like to dedicate this work to my sons Prabal Sharma and Aarish Sharma.

Last but not least, thanks to God for my life through all tests in the past four years. May your name be exalted, honoured and glorified.

(Rajni Sharma)
