List of Figures

Figure 1.1 Typical flow of the work presented ................................................................. 2
Figure 2.1 Typical Biometric Recognition Systems .......................................................... 8
Figure 2.2 Genuine and Imposter Score Distribution ....................................................... 10
Figure 2.3 ROC curve for FAR vs FRR ........................................................................... 10
Figure 2.4 Milestones in the history of biometrics systems .............................................. 14
Figure 2.5 Model of biometric system ............................................................................. 17
Figure 2.6 Verification vs Identification ........................................................................... 18
Figure 3.1: Face, Fingerprint and Signature based Multimodal Biometrics System using Score level Fusion Approach ................................................................. 35
Figure 3.2: Face, Fingerprint and Signature based Multimodal Biometrics System using Decision level Fusion Approach ................................................................. 35
Figure 4.1 Images from KVKR Face Database ................................................................. 55
Figure 4.2 Images from CUFS AR Face Sketch Database ................................................ 56
Figure 4.3 Images from FERET Face Database ............................................................... 57
Figure 4.4 Images from CUHK Student Face Database .................................................. 59
Figure 4.5 Examples of image variations from the FEI face database ............................... 59
Figure 4.6 Example of GUFD face database .................................................................... 60
Figure 4.7 Example of Indian face database ..................................................................... 60
Figure 4.8 Example of PICS face database ...................................................................... 62
Figure 4.9 Example of SCface face database .................................................................... 62
Figure 4.10 Examples of STIMULI face database ............................................................. 64
Figure 4.11 Examples of XM2VTS face database ............................................................. 64
Figure 4.12 Example of YALE face database ................................................................... 65
Figure 4.13 FVC2000 Fingerprint Images ...................................................................... 66
Figure 4.14 FVC2002 Fingerprint Images ...................................................................... 67
Figure 4.15 FVC2004 Fingerprint Images ...................................................................... 68
Figure 4.16 Example of KVKR Fingerprint database .................................................. 69
Figure 4.17 Example of KVKR Signature database......................................................... 70
Figure 4.18 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR
(bottom-left), ROC curve (bottom-right) for multimodal biometric system using
KVKR face, FVC 2002 fingerprint and KVKR Signature database and FE=SVD-PCA,
MM=KCC, RULE=SUM, EER=49.9881 ................................................................. 198
Figure 4.19 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR
(bottom-left), ROC curve (bottom-right) for multimodal biometric system using
KVKR face, FVC 2002 fingerprint and KVKR Signature database and FE=SVD-PCA,
MM=SCC, RULE=SUM, EER=49.9881 ................................................................. 198
Figure 4.20 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR
(bottom-left), ROC curve (bottom-right) for multimodal biometric system using
KVKR face, KVKR fingerprint and KVKR Signature database and FE=E-PCA,
MM=KCC, RULE=SUM, EER=49.615 .................................................................... 199
Figure 4.21 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR
(bottom-left), ROC curve (bottom-right) for multimodal biometric system using
KVKR face, KVKR fingerprint and KVKR Signature database and FE=E-PCA,
MM=SCC, RULE=SUM, EER=49.615 .................................................................... 199
Figure 4.22 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR
(bottom-left), ROC curve (bottom-right) for multimodal biometric system using
KVKR face, KVKR fingerprint and KVKR Signature database and FE=E-PCA,
MM=KCC, RULE=SUM, EER=49.6221 ............................................................... 200
Figure 4.23 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR
(bottom-left), ROC curve (bottom-right) for multimodal biometric system using
ORL face, MIX fingerprint and KVKR Signature database and FE=DWT-PCA,
MM=PCC, RULE=SUM, EER=34.5007 ............................................................... 200
Figure 4.24 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR
(bottom-left), ROC curve (bottom-right) for multimodal biometric system using
ORL face, MIX fingerprint and KVKR Signature database and FE=SVD-PCA,
MM=PCC, RULE=SUM, EER=35.519 ............................................................... 201
Figure 4.25 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using YALE face, 2000 fingerprint and KVKR Signature database and FE=E-PCA, MM=SCC, RULE=SUM, EER=49.4654 ................................................................. 201

Figure 4.26 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using YALE face, MIX fingerprint and KVKR Signature database and FE=DWT-PCA, MM=PCC, RULE=SUM, EER=29.7377 ................................................................. 202

Figure 4.27 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using YALE face, MIX fingerprint and KVKR Signature database and FE=SVD-PCA, MM=PCC, RULE=SUM, EER=35.0258 ................................................................. 202

Figure 4.28 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using KVKR face, 2002 fingerprint and KVKR Signature database and FE=SVD-PCA, MM=KCC, RULE=MAX, EER=49.9205 ................................................................. 203

Figure 4.29 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using KVKR face, 2002 fingerprint and KVKR Signature database and FE=SVD-PCA, MM=SCC, RULE=MAX, EER=49.9086 ................................................................. 203

Figure 4.30 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using ORL face, 2002 fingerprint and KVKR Signature database and FE=RE-PCA, MM=KCC, RULE=MAX, EER=49.7179 ................................................................. 204

Figure 4.31 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using ORL face, MIX fingerprint and KVKR Signature database and FE=RE-PCA, MM=KCC, RULE=MAX, EER=49.6269 ................................................................. 204

Figure 4.32 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using YALE face, 2000 fingerprint and KVKR Signature database and FE=E-PCA, MM=KCC, RULE=MAX, EER=49.6269 ................................................................. 205
Figure 4.33 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using YALE face, 2000 fingerprint and KVKR Signature database and FE=RE-PCA, MM=KCC, RULE=MAX, EER=49.7418 ................................................................. 205

Figure 4.33 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using YALE face, 2002 fingerprint and KVKR Signature database and FE=SVD-PCA, MM=KCC, RULE=MAX, EER=49.9086 ................................................................. 206

Figure 4.34 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using YALE face, 2002 fingerprint and KVKR Signature database and FE=SVD-PCA, MM=SCC, RULE=MAX, EER=49.9086 ................................................................. 206

Figure 4.35 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using YALE face, MIX fingerprint and KVKR Signature database and FE=DWT-PCA, MM=PCC, RULE=MAX, EER=33.5085 ................................................................. 207

Figure 4.36 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using YALE face, MIX fingerprint and KVKR Signature database and FE=RE-PCA, MM=KCC, RULE=MAX, EER=49.2846 ................................................................. 207

Figure 4.37 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using BIOID face, 2000 fingerprint and KVKR Signature database and FE=SVD-PCA, MM=KCC, RULE=AND, EER=48.6607 ................................................................. 208

Figure 4.38 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using BIOID face, 2000 fingerprint and KVKR Signature database and FE=SVD-PCA, MM=SCC, RULE=AND, EER=48.6607 ................................................................. 208

Figure 4.39 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using BIOID face, 2002 fingerprint and KVKR Signature database and FE=SVD-PCA, MM=KCC, RULE=AND, EER=48.6607 ................................................................. 209
Figure 4.40 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using BIOID face, 2002 fingerprint and KVKR Signature database and FE=SVD-PCA, MM=SCC, RULE=AND, EER=49.5595 ................................................................. 209

Figure 4.41 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using BIOID face, 2004 fingerprint and KVKR Signature database and FE=SVD-PCA, MM=KCC, RULE=AND, EER=48.6607 ................................................................. 210

Figure 4.42 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using BIOID face, KVKR fingerprint and KVKR Signature database and FE=SVD-PCA, MM=KCC, RULE=AND, EER=48.6607 ................................................................. 211

Figure 4.43 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using BIOID face, KVKR fingerprint and KVKR Signature database and FE=SVD-PCA, MM=SCC, RULE=AND, EER=49.5595 ................................................................. 211

Figure 4.44 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using BIOID face, MIX fingerprint and KVKR Signature database and FE=SVD-PCA, MM=KCC, RULE=AND, EER=48.6607 ................................................................. 212

Figure 4.45 Score Distribution (up-left), Error vs Threshold (up-right), TPR vs FPR (bottom-left), ROC curve (bottom-right) for multimodal biometric system using BIOID face, MIX fingerprint and KVKR Signature database and FE=SVD-PCA, MM=SCC, RULE=AND, EER=49.5595 ................................................................. 212
