

### LIST OF TABLES

	Page
1. Details of Sample Selected for the Study	109
2. Brief Description of the Fourteen HSPQ Personality Factors	111
3. Samples Selected for item Analysis and for Establishing the Reliability and Validity	119
4. Item Analysis Data for the Creativity Test	120
5. Correlation of item Scores with the Activity Scores and the Activity Score with the total Creativity Score (N=100)	122
6. Correlation co-efficients between various Factors of Creativity and the Total Creativity Score	124
7. Mean, Median, Mode, Standard deviation, Skewness and Kurtosis for the measures of Fourteen Factors of Personality	133
8. Summary of Analysis of Variance (2x2x2) design for factor A of Personality: Reserved - Outgoing	138
9. Summary of Analysis of Variance (2x2x2) design for factor B of Personality: Less intelligent - More intelligent	141
10. Summary of the Analysis of Variance(2x2x2) design for factor C of Personality: Affected by feeling - Emotionally stable	144
11. Summary of Analysis of Variance (2x2x2) design for Factor D of Personality: Phlegmatic - Excitable	146

12.	Summary of Analysis of Variance (2x2x2) design for Factor E of personality: Obedient - Assertive	148
13.	Summary of Analysis of Variance (2x2x2) design for Factor F of personality: Sober - Happy-go-lucky.	151
14.	Summary of Analysis of Variance (2x2x2) design for Factor G of Personality : Disregard rules - Conscientious	153
15.	Summary of Analysis of Variance (2x2x2) design for Factor H of Personality: Shy-Venturesome	155
16.	Summary of the Analysis of Variance (2x2x2) design for Factor I of Personality: Tough-minded - Tender-minded.	157
17.	Summary of the Analysis of Variance (2x2x2) design for Factor J of Personality : Vigorous-Dubting.	159
18.	Summary of the Analysis of Variance (2x2x2) design for Factor O of Personality: Placid-Apprehensive	162
19.	Summary of the Analysis of Variance (2x2x2) design for Factor $Q_2$ of Personality :	165
	Group-dependent - Self-sufficient	
20.	Summary of the Analysis of Variance (2x2x2) design for Factor $Q_3$ of Personality:	167
	Undisciplined - Controlled	
21.	Summary of the Analysis of Variance (2x2x2) design for Factor $Q_4$ of Personality :	169
	Relaxed - Tense	

22.	Mean Differences between Scores of Creative Girls and Boys on Fourteen Factors of Personality	172
23.	Mean Difference on Fourteen Factors of Personality of Creative Students from Rural and Urban areas.	177
24/	Mean Difference in Scores on Fourteen Personality Factors of Creative Girls with respect to Rural and Urban areas.	179
25.	Mean Difference in Scores of Fourteen Personality Factors of Creative Boys with respect to Rural and Urban areas.	181
