LIST OF DIAGRAMS AND TABLES

CHAPTER I:

Diagram 1: Phonological Grid of Bhopal Urdu ............ 24

2: State of Glottis in the Production of voiced h .................... 34

Table 3: Repetition of Voiceless and Voiced stops (unaspirated) in the Initial and Final Position of the word ........... 41

4: Repetition of unaspirated and Aspirated stops in the Initial and Final Position of the word ....................... 43

5: CVC words versus CCVC and CVCC words ............... 48

6: Combinations of Aperture 1 with Aperture 0 ........ 50

7: Combinations of Aperture 1 with Aperture 2 ........ 51

8: Combinations of Aperture 1 with Aperture 3 ....... 52

9: Combinations of Aperture 0 with Aperture 2 ....... 54

10: Combinations of Aperture 0 with Aperture 3 ....... 55

Diagram 11: Asymmetry of the Vocal Tract ............... 58

Table 12: Frequencies of Phonological units of Aperture 2 having Teeth as Point of Articulation in CVC, CCVC and CVCC words in the Initial and Final Positions of the words ................... 64

13: Frequencies of Phonological units of Aperture 2 having Non-Teeth point of Articulator in CVC, CCVC and CVCC words in the Initial and Final Positions of the words ....... 65

14: Articulators in the Hierarchy of Mobility: Production of units of $\phi$ Aperture (Stops) ... 74
Table 15: Articulators in the Hierarchy of Mobility:
Production of units of 1, 2 Aperture.
(Fricatives)........................................ 76
16: Articulators in the Hierarchy of Mobility:
Production of Nasals.............................. 78
17: Articulators in the Hierarchy of Mobility:
Production of 3 Aperture units (Liquids)........ 80

CHAPTER II:
Table 1: Potential and Actual Number of words........ 97
Diagram 2: Initial Clusters in Terms of Direction of Aperture Change.................................. 106
Table 3: Final Clusters yielding unidirectional change of Aperture in CVCC words................. 109
4: Final Clusters yielding Multidirectional Change of Aperture in CVCC words.................. 110
Diagram 5: Final Clusters in Terms of Direction of Aperture Change.................................. 112
6: Glottis as an Additional Articulator (Voicing): In the Production of Stops in CVC words................................. 119
7: Glottis as an Additional Articulator (Voicing)
In the Production of Fricatives in CVC words...121
8: Glottis an Additional Articulator
(Aspiration): In the Production of Stops in CVC words.............................................. 123
9: Glottis as an Additional Articulator (Aspiration): In the Production of Nasals in CVC words........................................ 126
10: Glottis as an Additional Articulator
(Aspiration): In the Production of Liquids in CVC words.............................................. 128
Table 11: Velum as an Additional Articulator (Nasality): In the Production of vowels in CVC words

12: Apico-dental versus Apico-palatal stops in CVC words

13: Apico-palatal stops versus Apico-palatal liquids (r) at the word final position in CVC words

14: Stable + Stable and Mobile + Mobile Combinations for final clusters in CVCC words

15: Stable + Mobile and Mobile + Stable Combinations for Final clusters in CVCC words

CHAPTER III:

Table 1: Voicing versus Voicelessness in word Initial and Final Position: Stops in CVC words

2: Voicing versus Voicelessness in word Initial and Final Position: Fricatives in CVC words

3: Unaspirated versus Aspirated stops in word Initial and Final Position in CVC words

4: Oral versus Nasalized vowels in word Initial and Final Position: VC versus VC and CV versus CV in CVC words

5: Apical and non-Apical articulators in the hierarchy of mobility, and the Initial and Final position of the word: CVC stops

6: Apical and non-Apical articulators in the hierarchy of mobility, and the Initial and Final position of the word: CVC Fricatives

7: Apical and Non-Apical articulators in the hierarchy of mobility, and the Initial and Final position of the word: CVC Nasals
Table 8: Apical and Non-Apical articulators in the Hierarchy of Mobility, and the Initial and Final position of the word: CVC Liquids...... 233
9: Vocalic Phonological units of Standard Urdu.. 249
10: Vocalic Phonological units of Bhopal Urdu..... 250
11: Occurrences of £: Ɨ: Ҩ: Ɔ: against e: ɛ:
o: ɒ: .................................................. 259

CHAPTER IV:
Table 1: Labial versus non-Labial stops in the word Initial and Final Positions in CVC words...... 294
2: Labial versus Non-Labial Fricatives in the word Initial and Final Positions in CVC words................................. 297
3: Labial versus Non-Labial Nasals in the word Initial and Final Positions in CVC words..... 300

CHAPTER V:
Diagram 1: Spectra of $F_1$, $F_2$ with Exemplifying words of English vowels................................. 306
