ACKNOWLEDGEMENT

On a personal note, I have no words to express my abundant and inexplicable, affectionate gratitude to my beloved parents Mr. P. RATHINAM & Mrs. R. VENKATTAMMAL and my brother Mr. R. Ayyanar for their catalytic role, commendable sacrifice, colossal affection, curiosity and admiration. I thank the LORD for showering all the grace on me in steering through the path of success in every attempt of my life.

I wish to express my hearty, deep sense of gratitude and sincere thanks to Dr. K. KRISHNASAMY, Professor of Chemistry, Annamalai University. I thank him for his periodical guidance in planning and execution of the work and the useful time spent in intellectual discussions is unforgettable experience, which all ever remains fresh in my memory.

It is a moment of great pleasure in recording my gratuitous and heartfelt thanks to Dr. S.P. MEENAKSHISUNDARAM, Professor and Head, Department of Chemistry, Annamalai University, for having provided me the necessary laboratory facilities and for his keen interest in the present investigation.

I wish to give my special thanks to Dr. K. PANDIARAJAN, Dr. C. KARUNAKARAN and Dr. A. MANIMEKALAI, former Professors and Head, Department of Chemistry, Annamalai University, for their valuable suggestion towards this research work and providing necessary facilities to carry out this work.

I render my sincere thanks to Dr. S. KABILAN, Professor, Department of Chemistry, Annamalai University, for his valuable help during my study.

I wish to express my sincere thanks to Dr. S. THIRUMARAN, Associate Professor, Department of Chemistry, Annamalai University, for his valuable help during my study.

I wish to express my special thanks to Dr. R. BALAMURUGAN, Professor, School of Chemistry, University of Hyderabad, for providing laboratory facilities and
characterization through UGC networking resource program of my research samples.

I thank all the TEACHING and NON-TEACHING STAFF MEMBERS Department of Chemistry, Annamalai University for their moral support and their help during the course.

It is hard to express my indebtedness in words to my research groups Dr. J. JOHN FRANCIS XAVIER, Dr. R. VENGATESWARAMOORTHI, Mr. A. KAMARAJ, Miss. A. SUMATHI, Mr. G. SUNDARARAJAN and Mr. D. RAJARAMAN, Ph. D. Research Scholars, Department of Chemistry, Annamalai University, for having rendered timely help during the investigation.

I thank Mr. M. VELAYUTHAM PILLAI, D. CHINNARAJA, S. BALACHANDRAN, M. MURUGAVELU, B. SUBASH, E. SATHIYARAJ, M. AROCKIA DOSS, K. JAYAMOORTHY, V.L. CHANDRABOSS and B. LOGANATHAN, Ph. D., Research Scholars, Department of Chemistry, Annamalai University, for their kind help and encouragement.

I feel a deep sense of gratitude to my sister in law Mrs. A. SARALA and my niece A. NITHISHA for their love, care, support, help and encouragement during the course of my research work.

I wish to thank ALL MY DEAR FRIENDS in Annamalai University and my Hometown for their valuable help and support during this work.

Annamalainagar
