ACKNOWLEDGEMENTS

I would like to express my deepest sense of gratitude to my supervisor Prof. K. Mohan Rao, for his tireless enthusiasm and dedication to his research work. I wish to extend my gratitude to Prof. R. H. D. Lyngdoh (Head of the Department) for his valuable helps, advices and encouragement concerning this work. My sincere thanks go to Prof. R. K. Poddar, Prof. K. Ismail (Dean of Physical Science-NEHU), Prof. Myrboh and Prof. R. A. Lal for their constant helps and encouragements. I also wish to acknowledge Prof. P. J. Carroll (University of Pennsylvania-USA), Prof. Glenn P. Yap, Dr. Kevin Kriesel (University of Delaware-USA), Prof. Bruno Therrien (University of Neuchatel-Switzerland) for their help in collection and solving X-ray data set. Dr. Miriam Perez (University of Barcelona-Spain) for NMR spectroscopy, Mr. Dkhar (NEHU), Dr. Wandondor Rynjah (RSIC-NEHU) for elemental analysis and Miss. Lana, Mr. Johny for Mass spectroscopy analysis. Also thanks to my friends Mr. Lalthlamuana Pachuau, Mr. K. C. Malsawmzauva and Johny Lalbiakliana for their helps and encouragement throughout this course.

I would like to thanks my senior lab mates Mr. Evergreen, Dr. R. Lalrempuia (now in University of Zaragoza-Spain), Dr. P. Govindaswamy (now in University of Neuchatel-Switzerland), Dr. Sarjit Keisham singh (now in Indian Institute of Oceanography-Goa), K. Thirumala Prasad, Gajendra Gupta, A. Venkateswara Rao and Saphidabha Lyngdoh Nongbri for their constant encouragements.

I would like to thank Office of the Director-Higher & Technical Education and Principal, Government College Lunglei (Government of Mizoram) for granting study leaves to complete the course.
Finally, my heartiest gratitude goes to my wife Helen C. Zonunmawii, parents, brothers and sisters for their love, care, constant encouragement and support all throughout the course.
