ACKNOWLEDGEMENTS

The author expresses sincere thanks and deep sense of gratitude to Prof. (Mrs.) Abha Lakshmi Singh, Department of Geography, Aligarh Muslim University, Aligarh for her scholarly guidance, patient discourses and discussions on the research problem. She has been the guiding light in forming a correct approach to the subject. Without her proper guidance, I would not have completed this work. Words are not enough to express my debt of gratitude.

I am also indebted to Prof. K.Z. Amani, Chairman, Department of Geography, Aligarh Muslim University, Aligarh for providing all the necessary facilities in the department. I am also very grateful to Prof. Mohd. Shafi, Professor Emeritus, Department of Geography and Prof. R.J. Singh, Department of Physics, Aligarh Muslim University, Aligarh for their invaluable suggestions. I am also thankful to Mr. Md. Azam Ansari, Computer Centre, Aligarh Muslim University for helping me in processing the data.

Thanks are due to the librarians of Jawahar Lal Nehru University, Delhi University, Indian Agricultural Research Institute, Indian Council of Agricultural Research, New Delhi. Economics and Statistics Division, Jawahar Bhawan, Lucknow and Maulana Azad Library and Department of Geography, Aligarh Muslim University for providing all the necessary research materials.

I also offer my thanks to Aligarh Muslim University & Council of Scientific and Industrial Research, New Delhi for awarding me fellowships to carry on this work.

The list of acknowledgement would be incomplete without the heartfelt thanks to my dear Papa, Mummy, Shahid Bhai and Bhabhi for their intrinsic love, support and encouragement during the course of this work. I also offer my thanks to Master Arindam for his co-operation during the checking of this work.

Finally I acknowledge the kind co-operation of all my friends and colleagues during the period of research.
